 Galaxy

Market Share Change (pp)

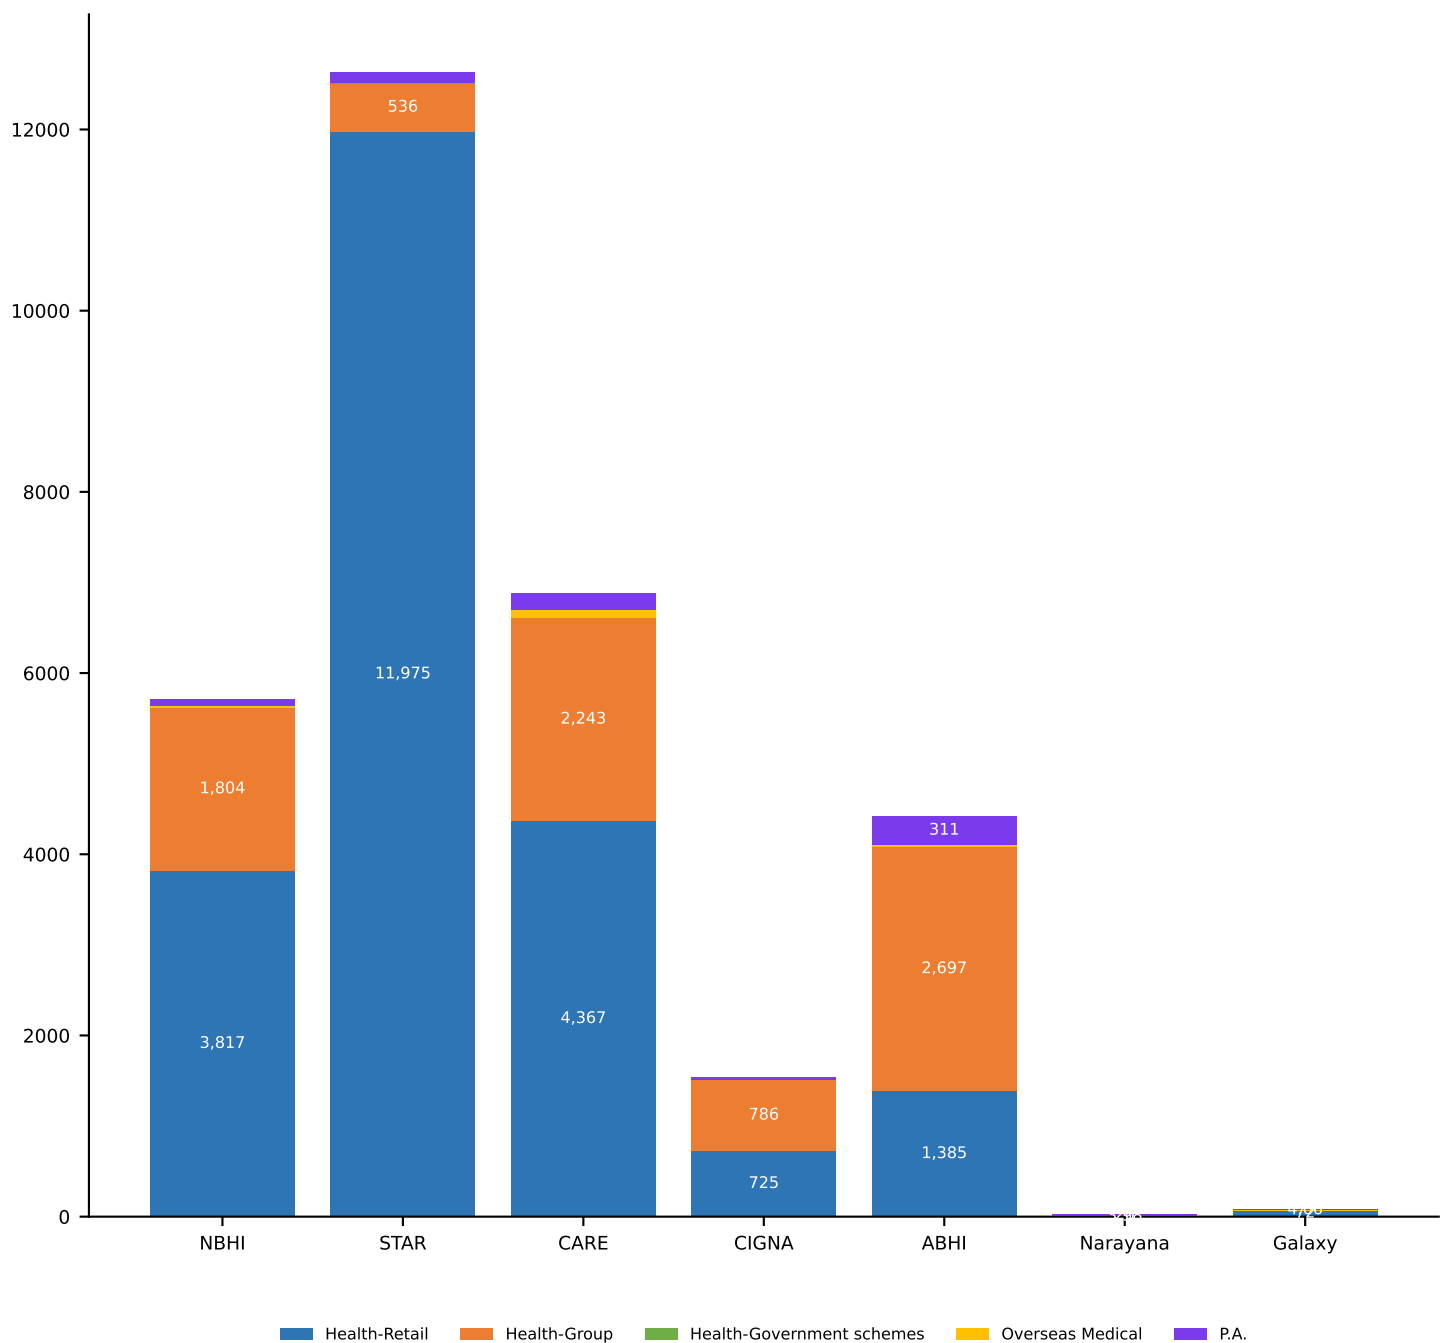

- STAR has the highest SAHI GDPI at 12,638.4
- ABHI improved the most YoY (+1,199.6)

Segment-wise: Health & PA

- Health-Group is the largest segment for both Private and Public GI players.
- SAHI's mix skews more heavily to Health-Retail than Private/Public GI.
- FY26 Q3 absolute GDPI (Rs. Crore) by segment.

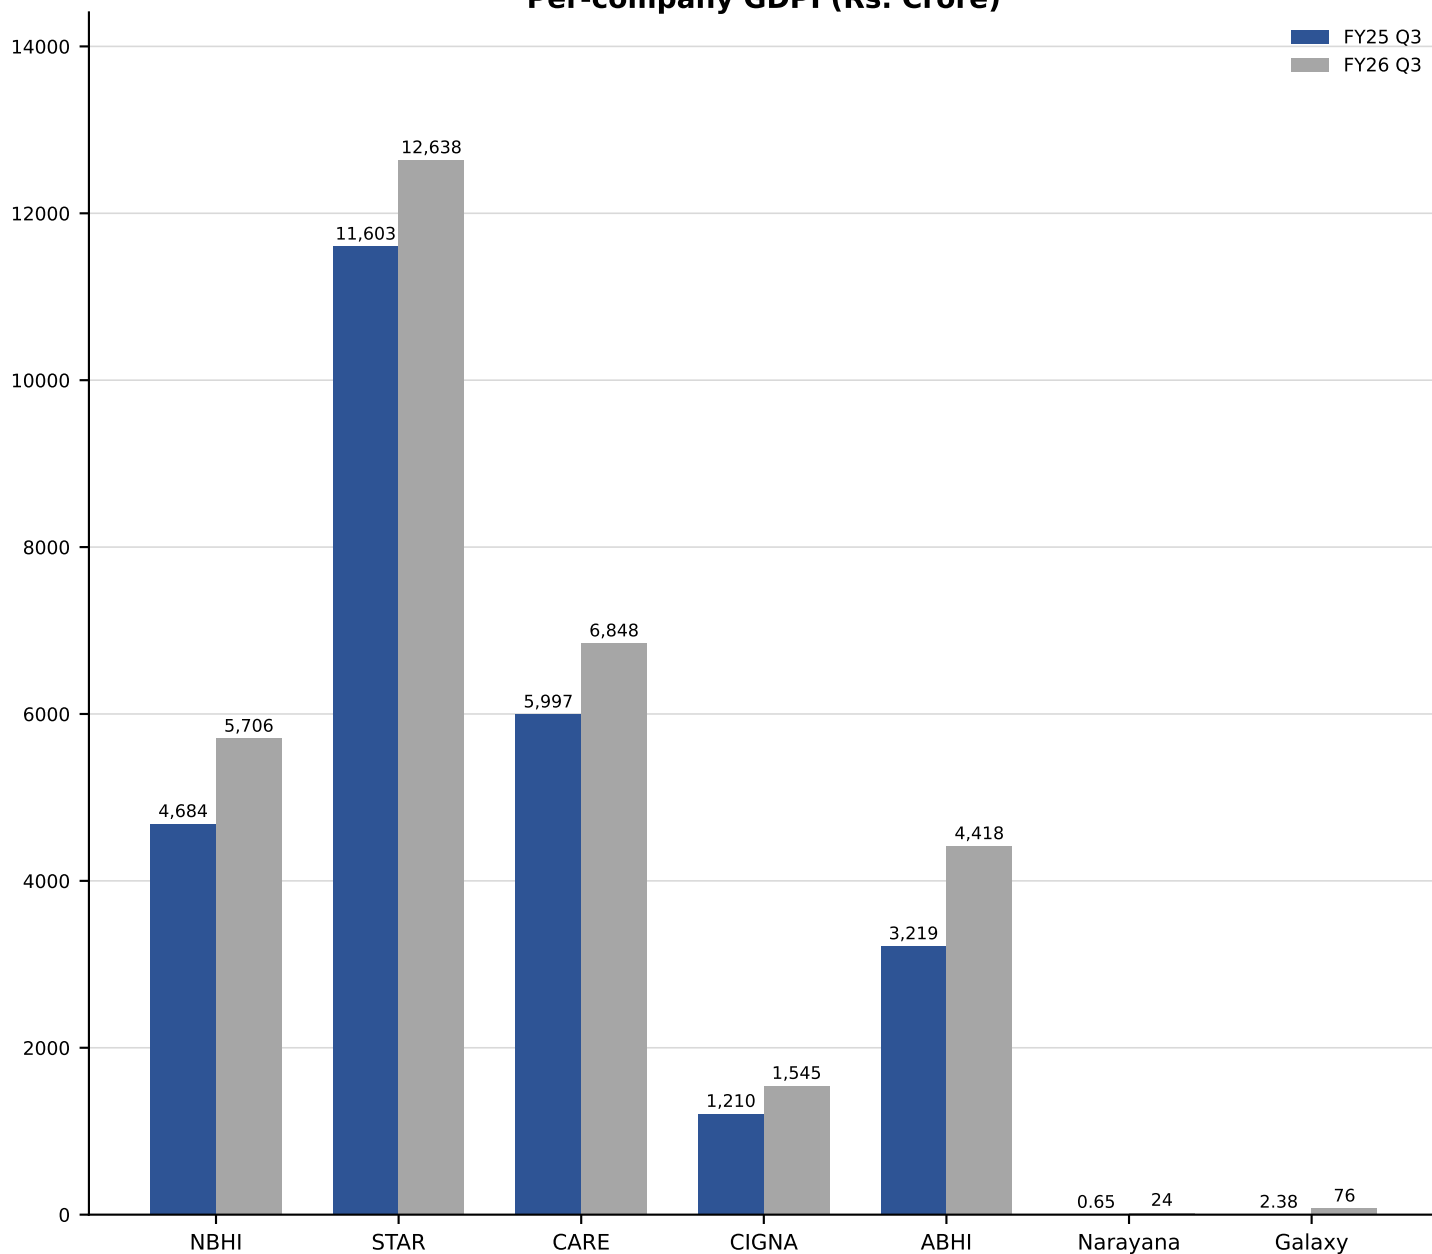

Segment wise SAHI's share

- Retail remains the dominant segment across most SAHI players.
- FY26 Q3 absolute GDPI (Rs. Crore) by segment, per SAHI company.

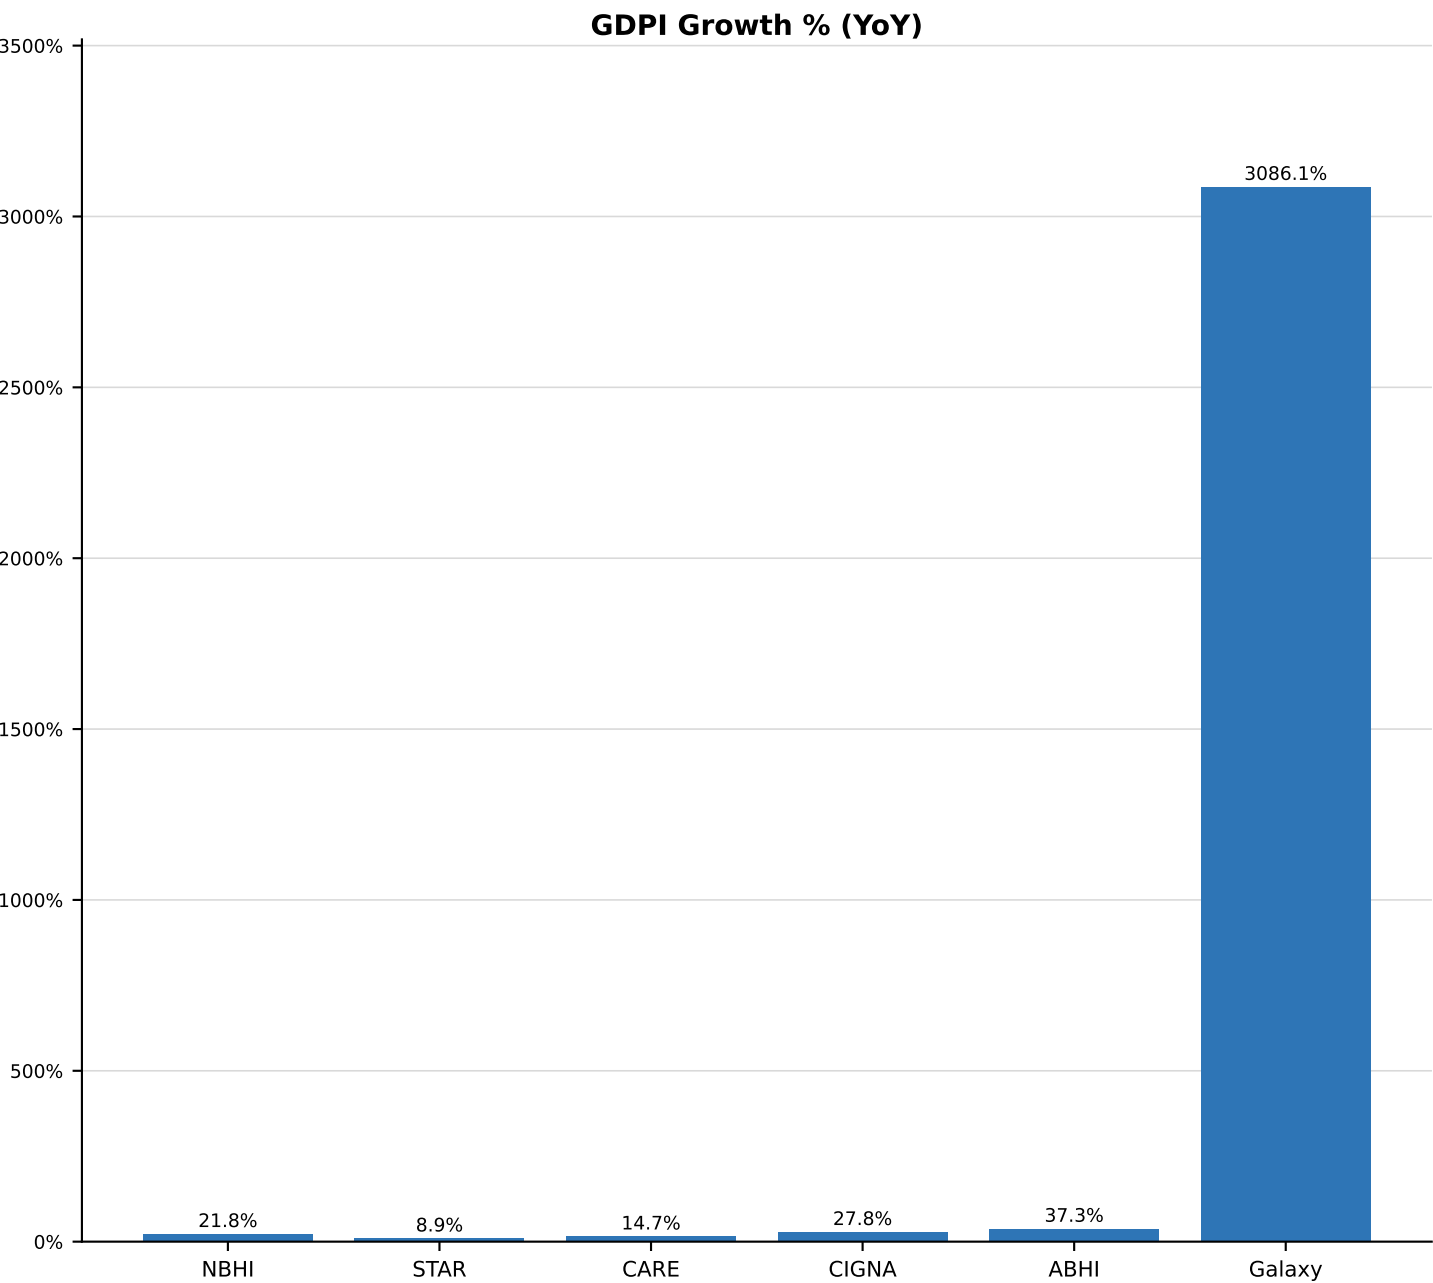

Revenue Growth (GDPI)

Per-company GDPI (Rs. Crore)

- STAR has the highest GDPI at 12,638.2
- ABHI improved the most YoY (+1,199.6)
- Industry Total growth %: 15.6%
- Stand-alone Health sub Total growth %: 17.1%

Revenue & Growth % (SAHI)

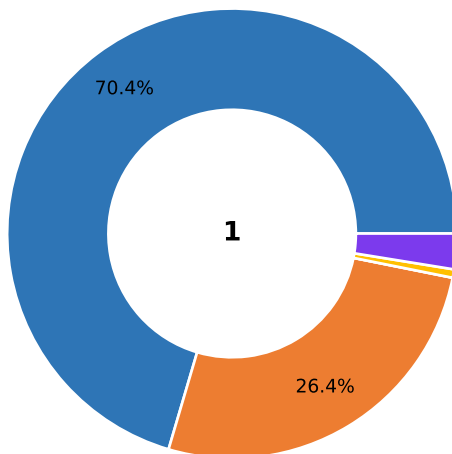

→ Galaxy has the highest GDPI growth at 3,086.1%

Segment-wise GDPI mix

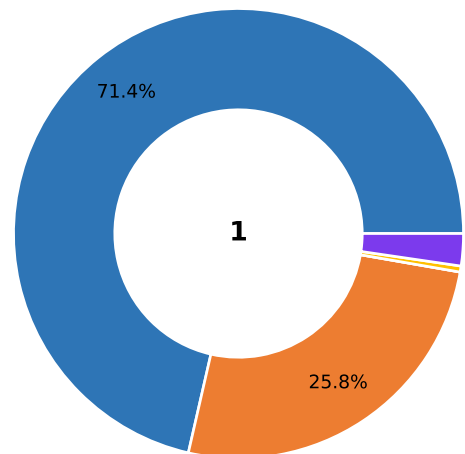

% of SAHI GDPI

FY25 Q3

Retail
Group
Govt.
Travel
PA

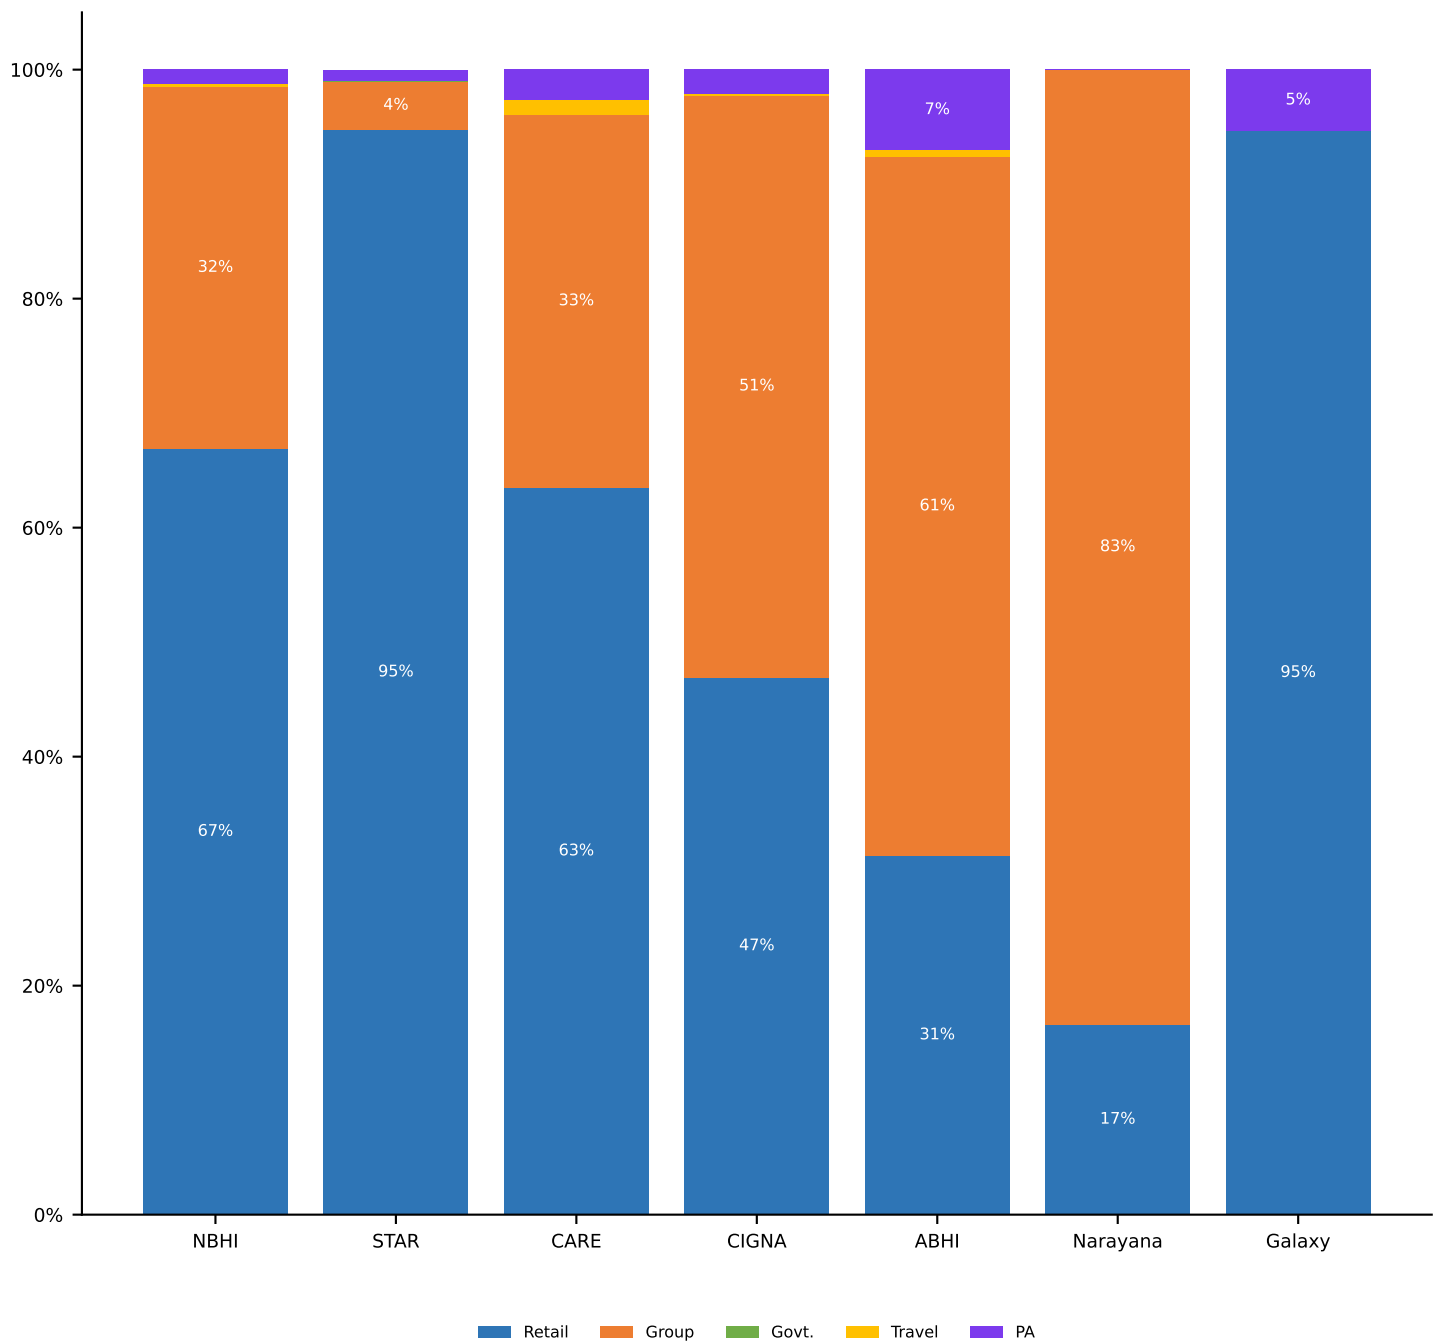

FY26 Q3

Retail
Group
Govt.
Travel
PA

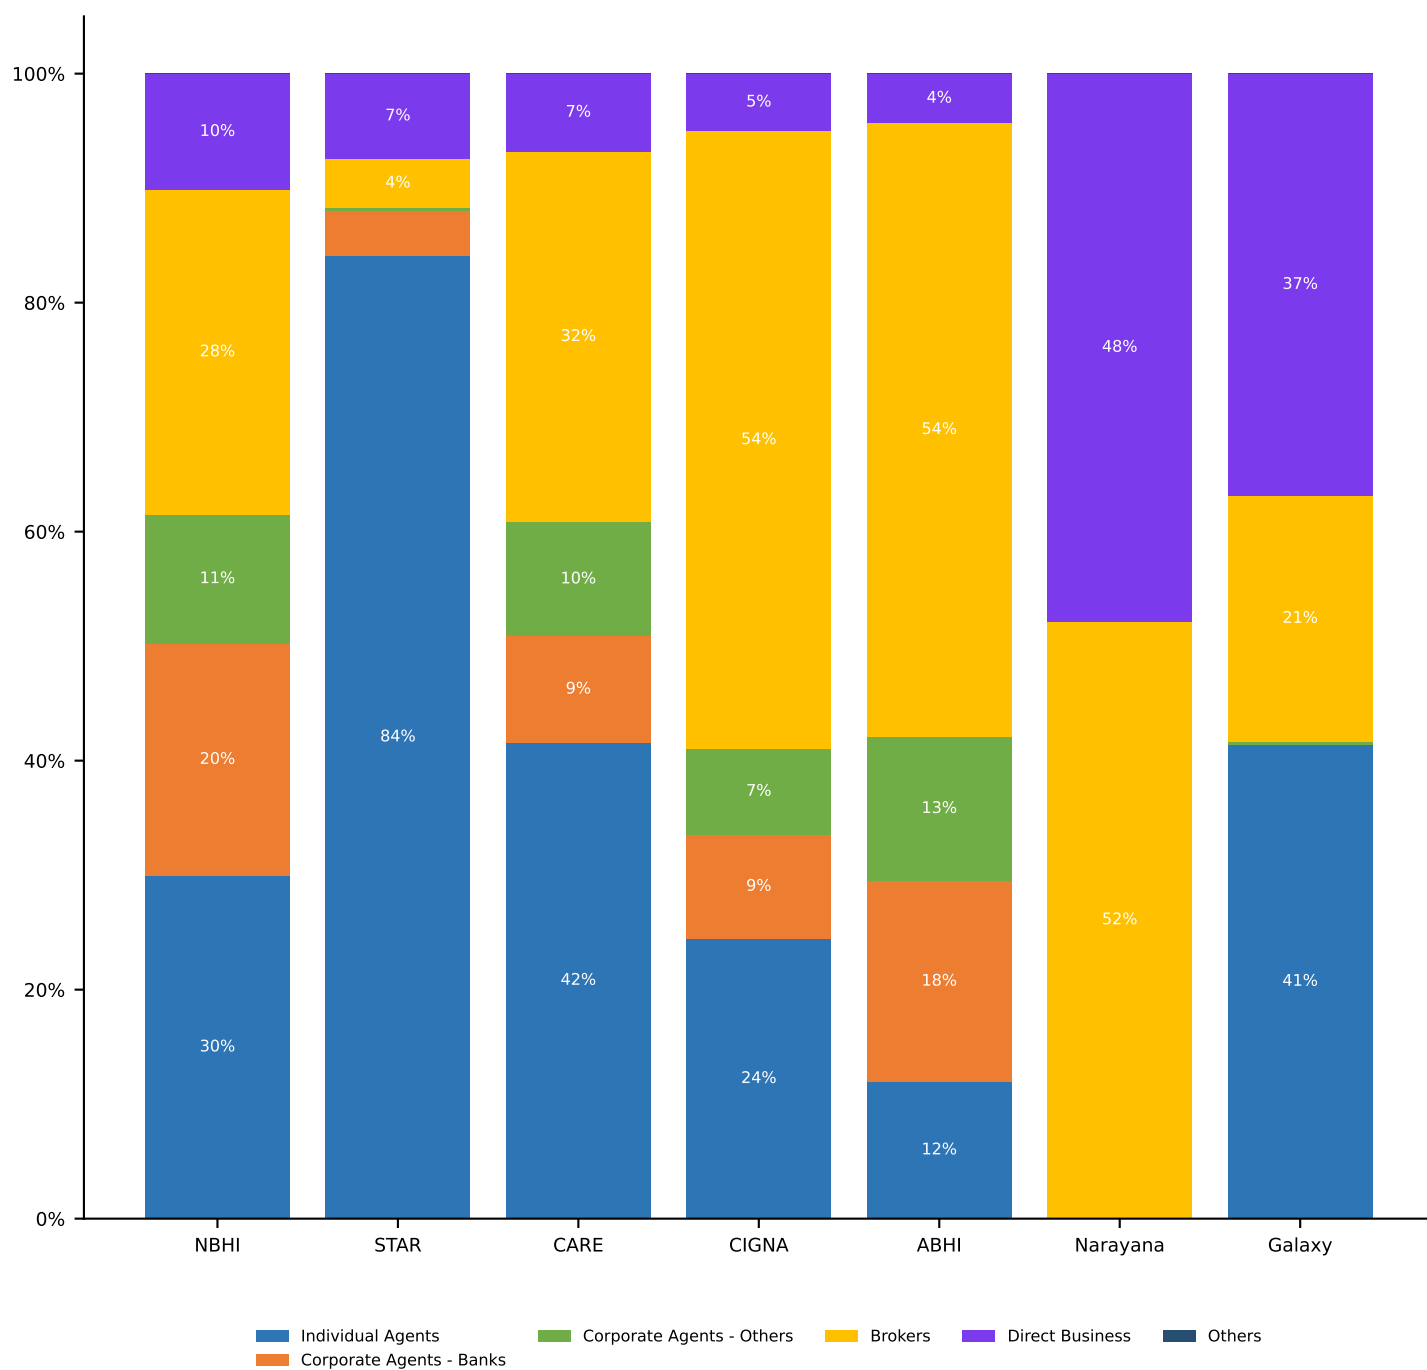

- SAHI segment mix (Retail/Group/Govt./Travel/PA) as a share of SAHI's own GDPI.
- Industry/Public GI/Pvt. GI segment mix isn't reliably derivable as a percentage this quarter - SAHI only.

Segment-wise GDPI mix - SAHI

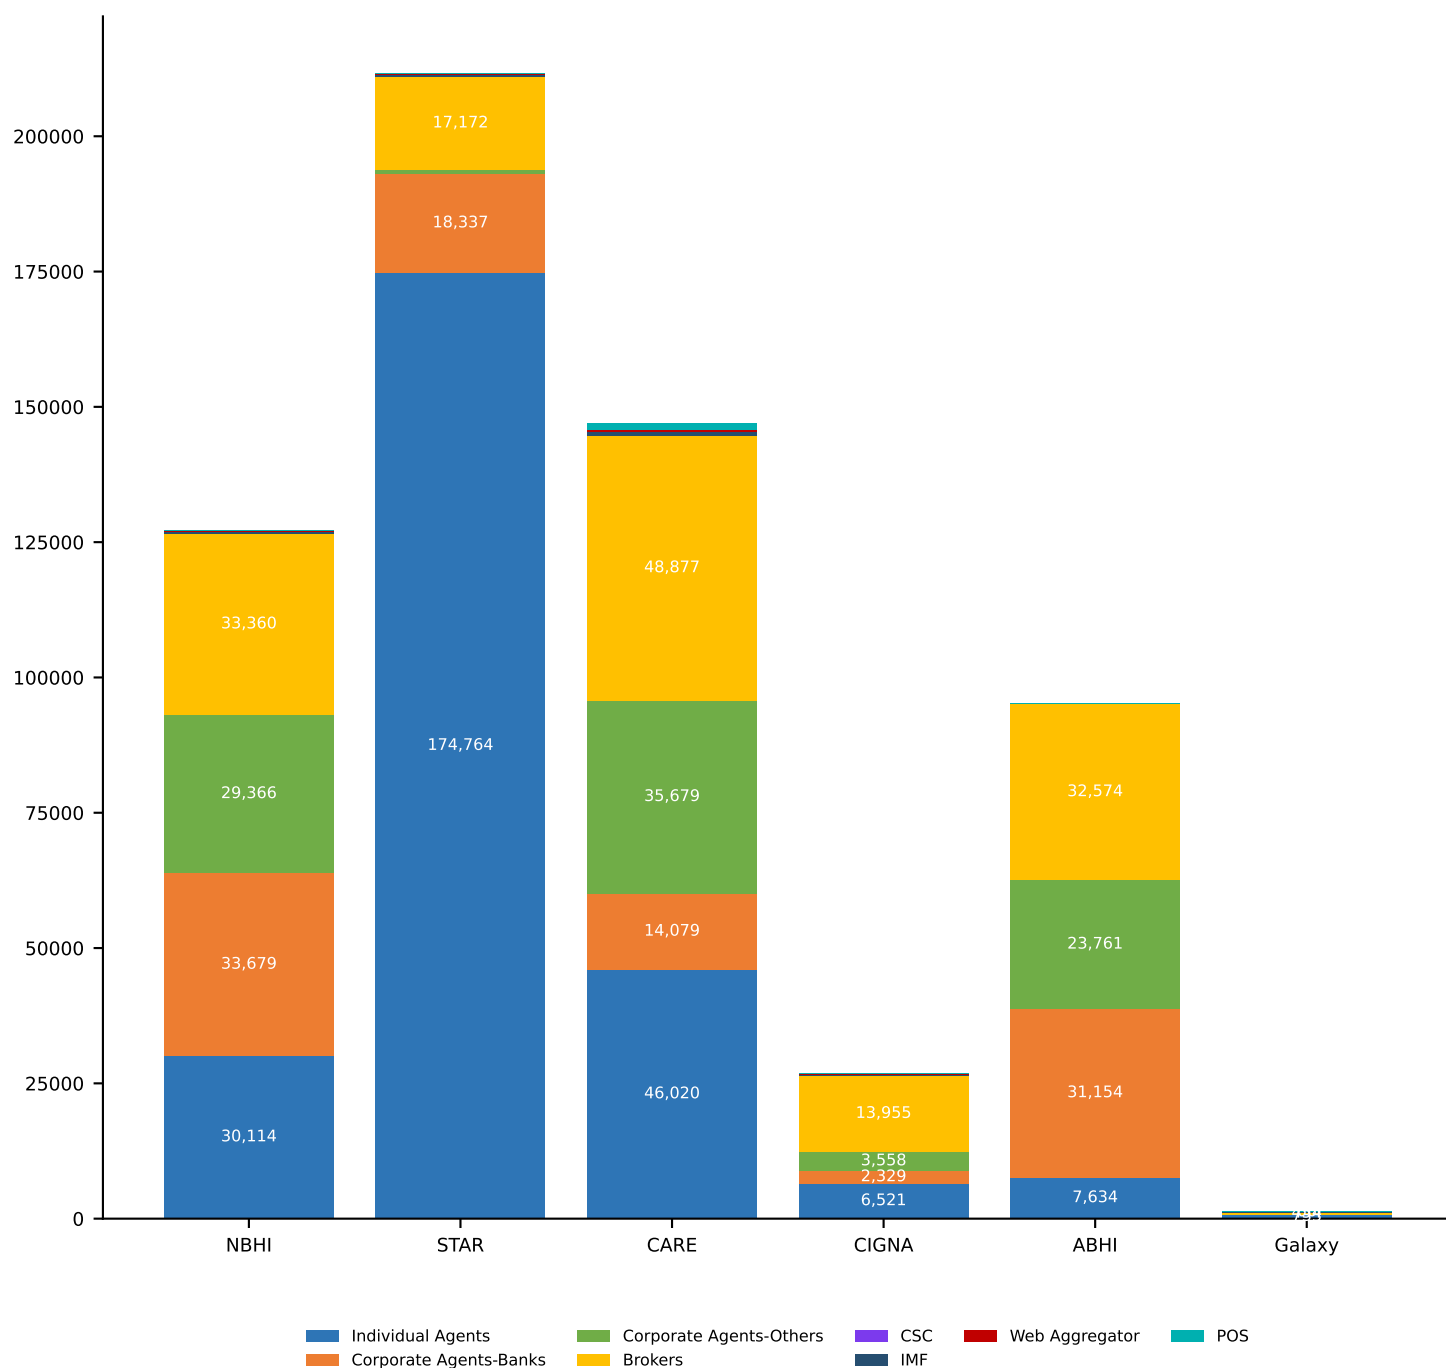

→ Segment mix (% of own GDPI) per SAHI company.

GDPI by Channel: SAHI's

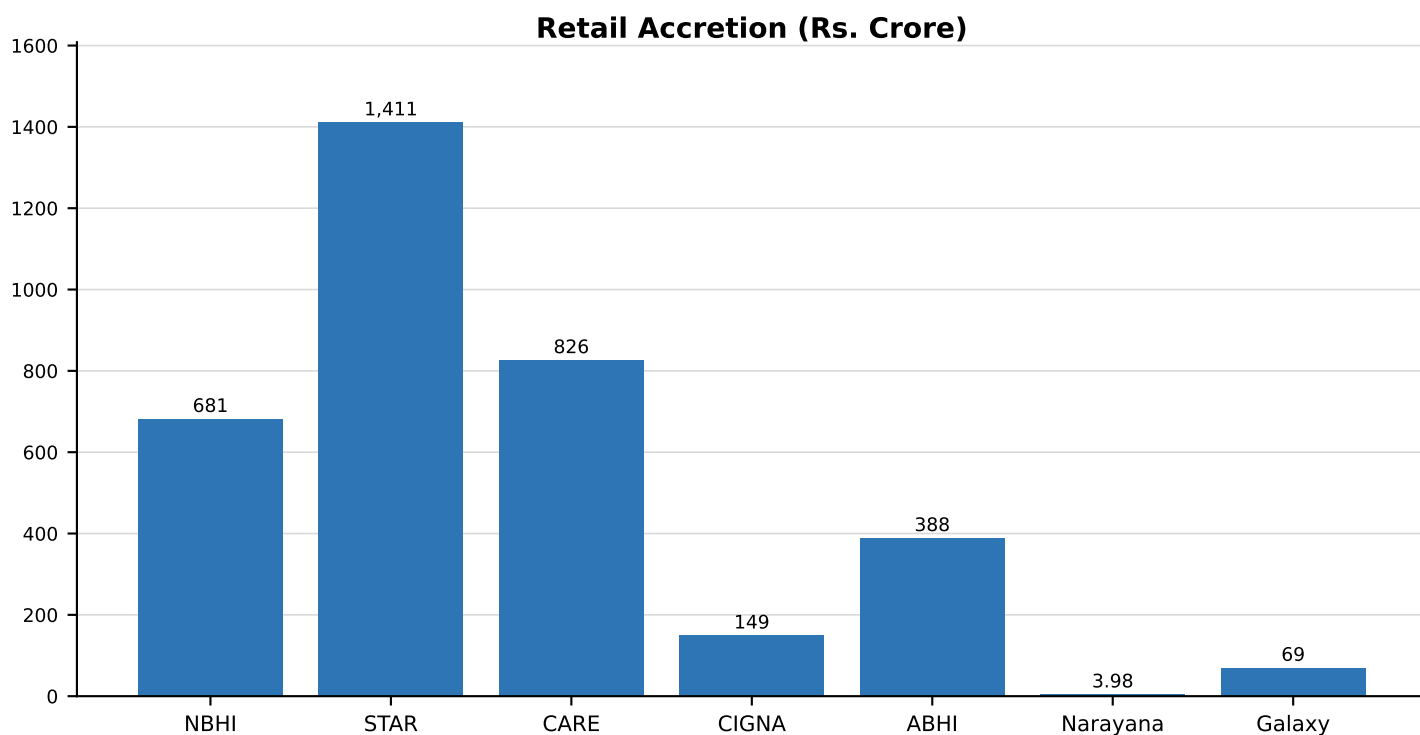

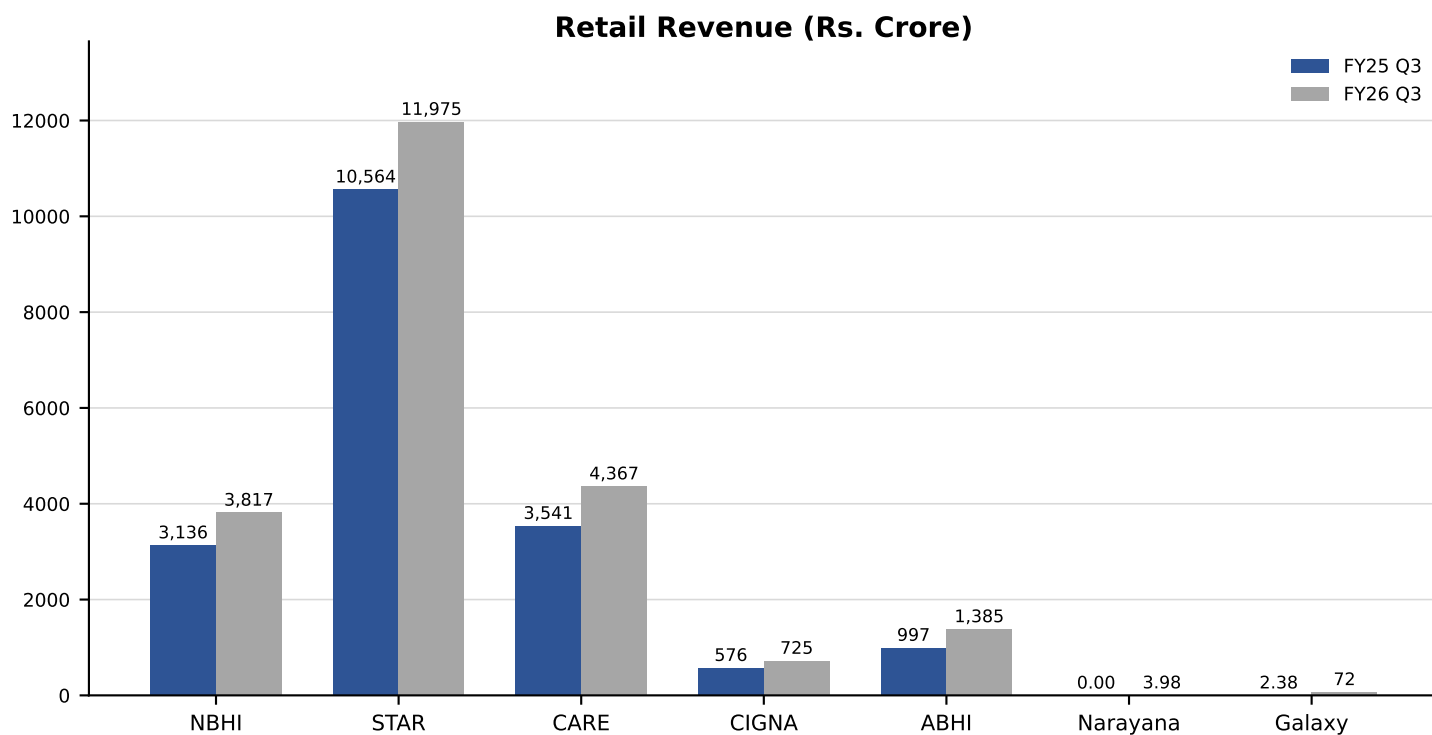

→ Channel mix as % of each SAHI company's own GDPI (FY26 Q3).

Channel-wise Commission: SAHI's

- Individual Agents remain the largest commission channel for most companies.
- Gross commission (Rs. Lakhs) by channel.

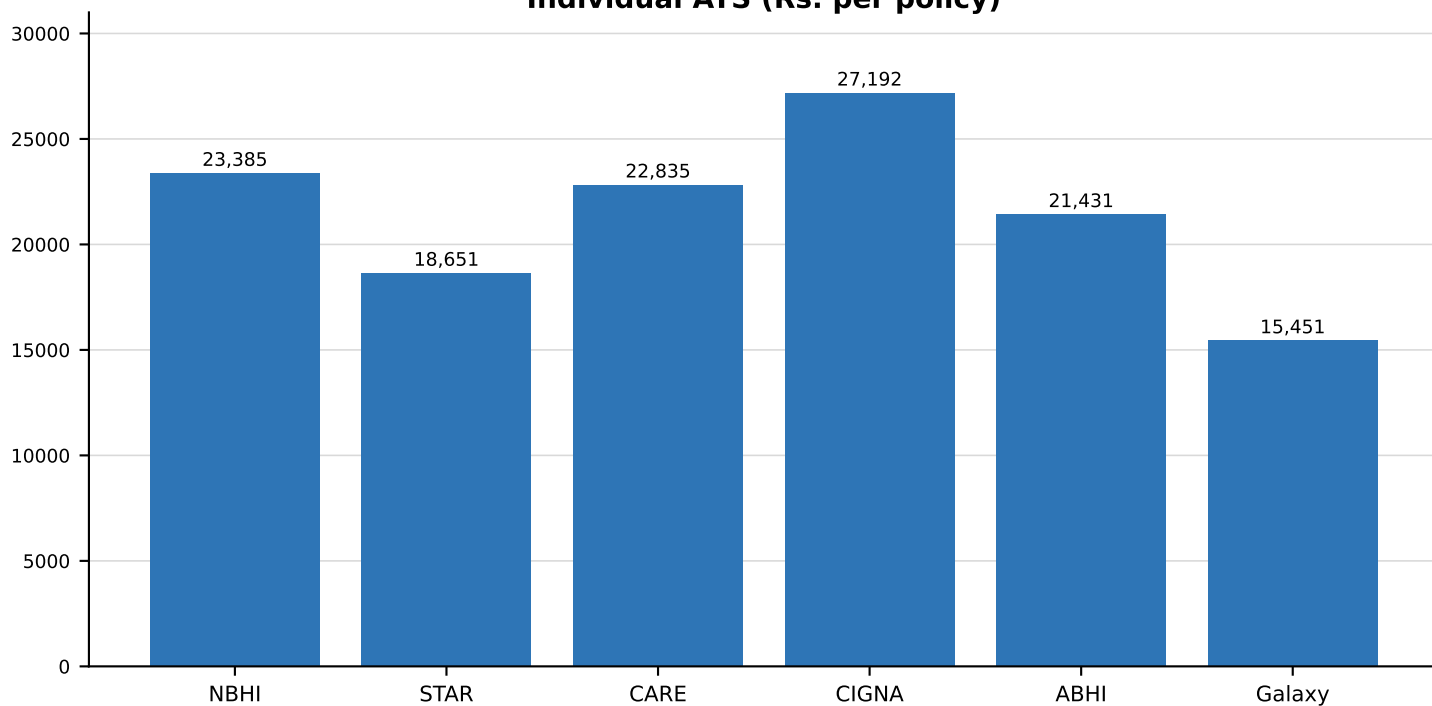

Retail Revenue

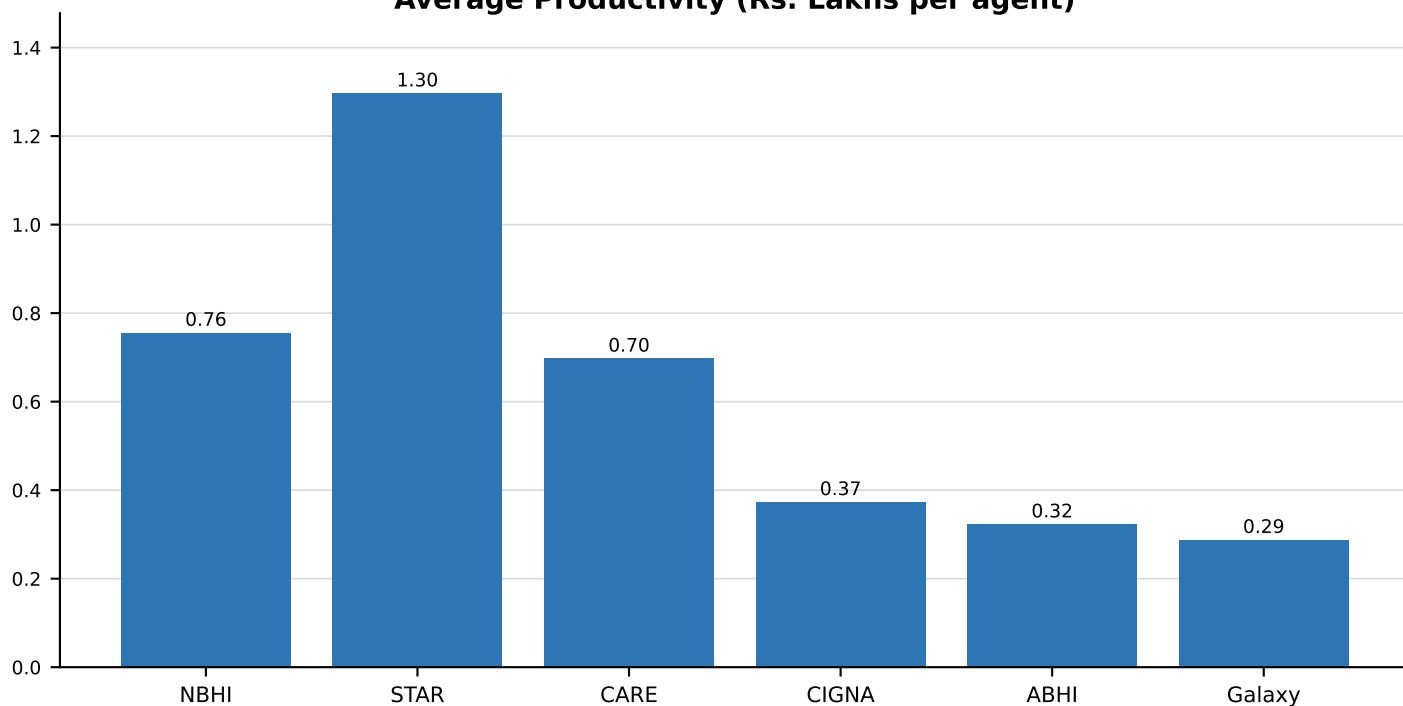

- STAR has the highest Retail Revenue (Rs. Crore) at 11,974.9
- STAR improved the most YoY (+1,410.7)
- STAR has the highest Retail Accretion (Rs. Crore) at 1,410.7

ATS

Individual ATS (Rs. per policy)

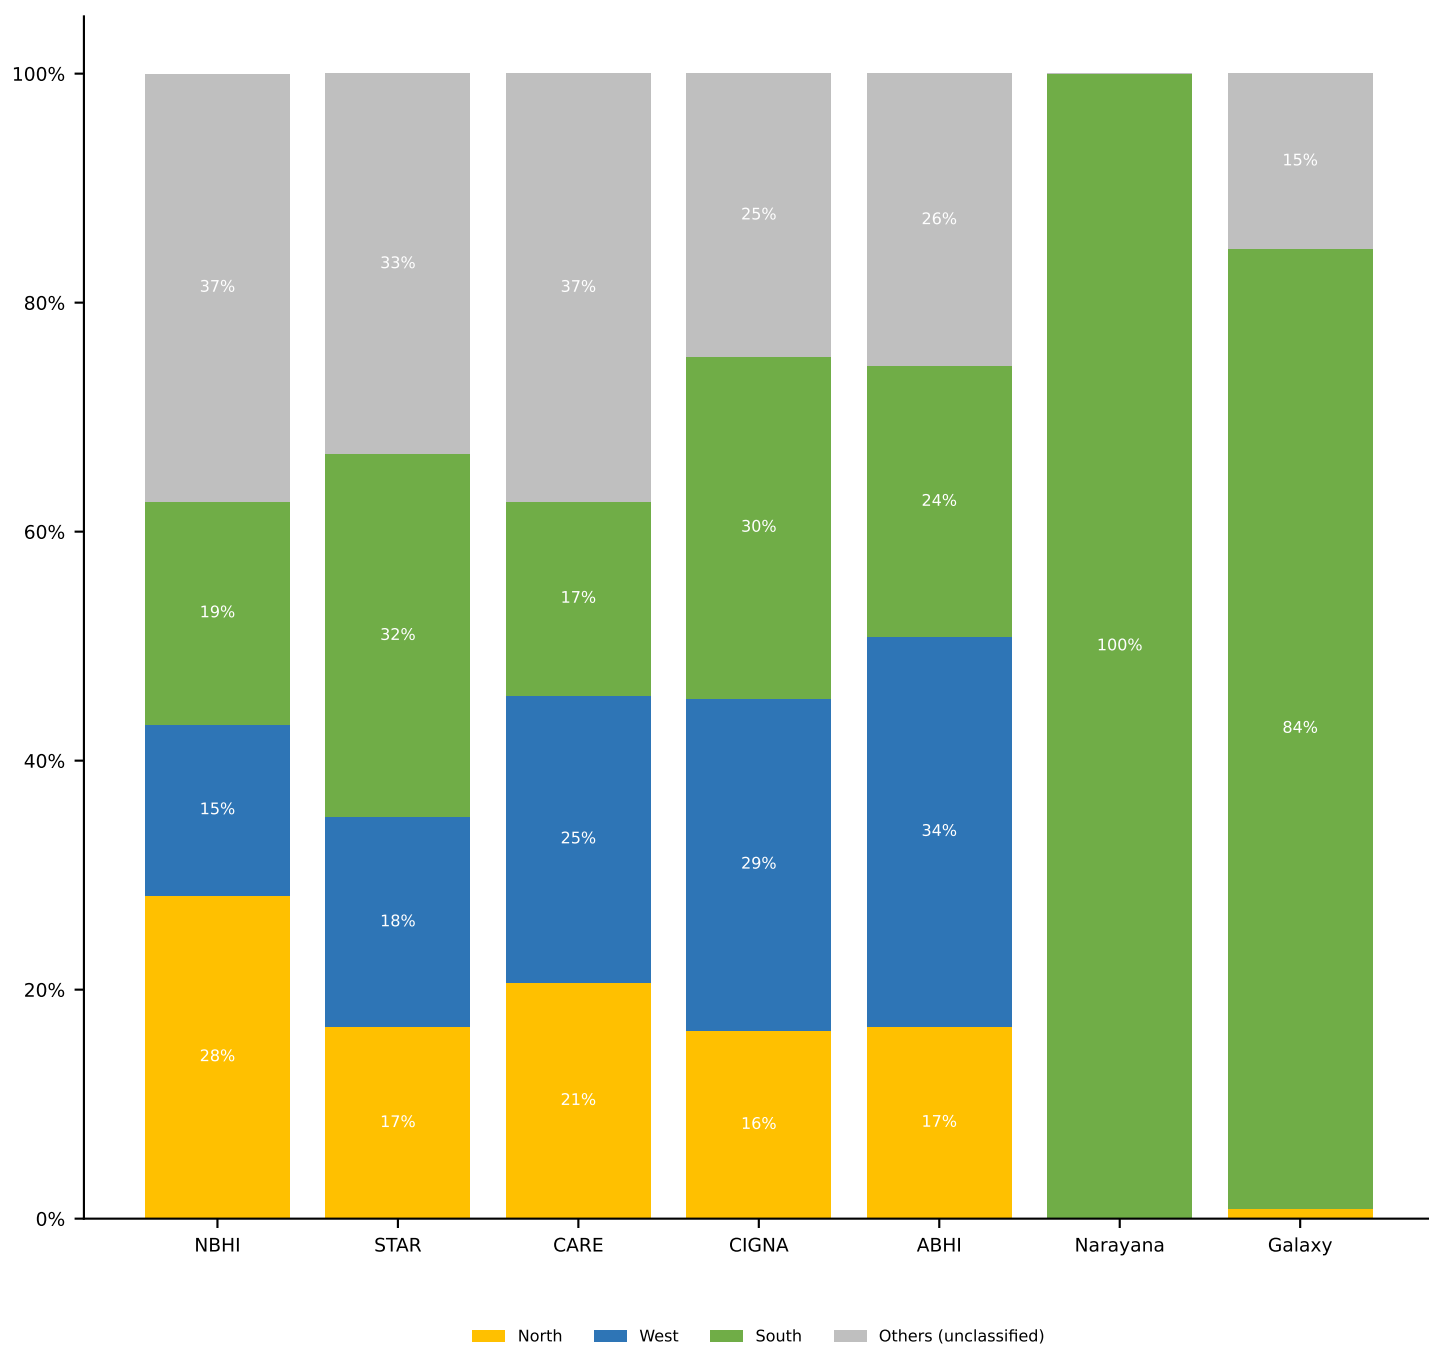

Average Productivity (Rs. Lakhs per agent)

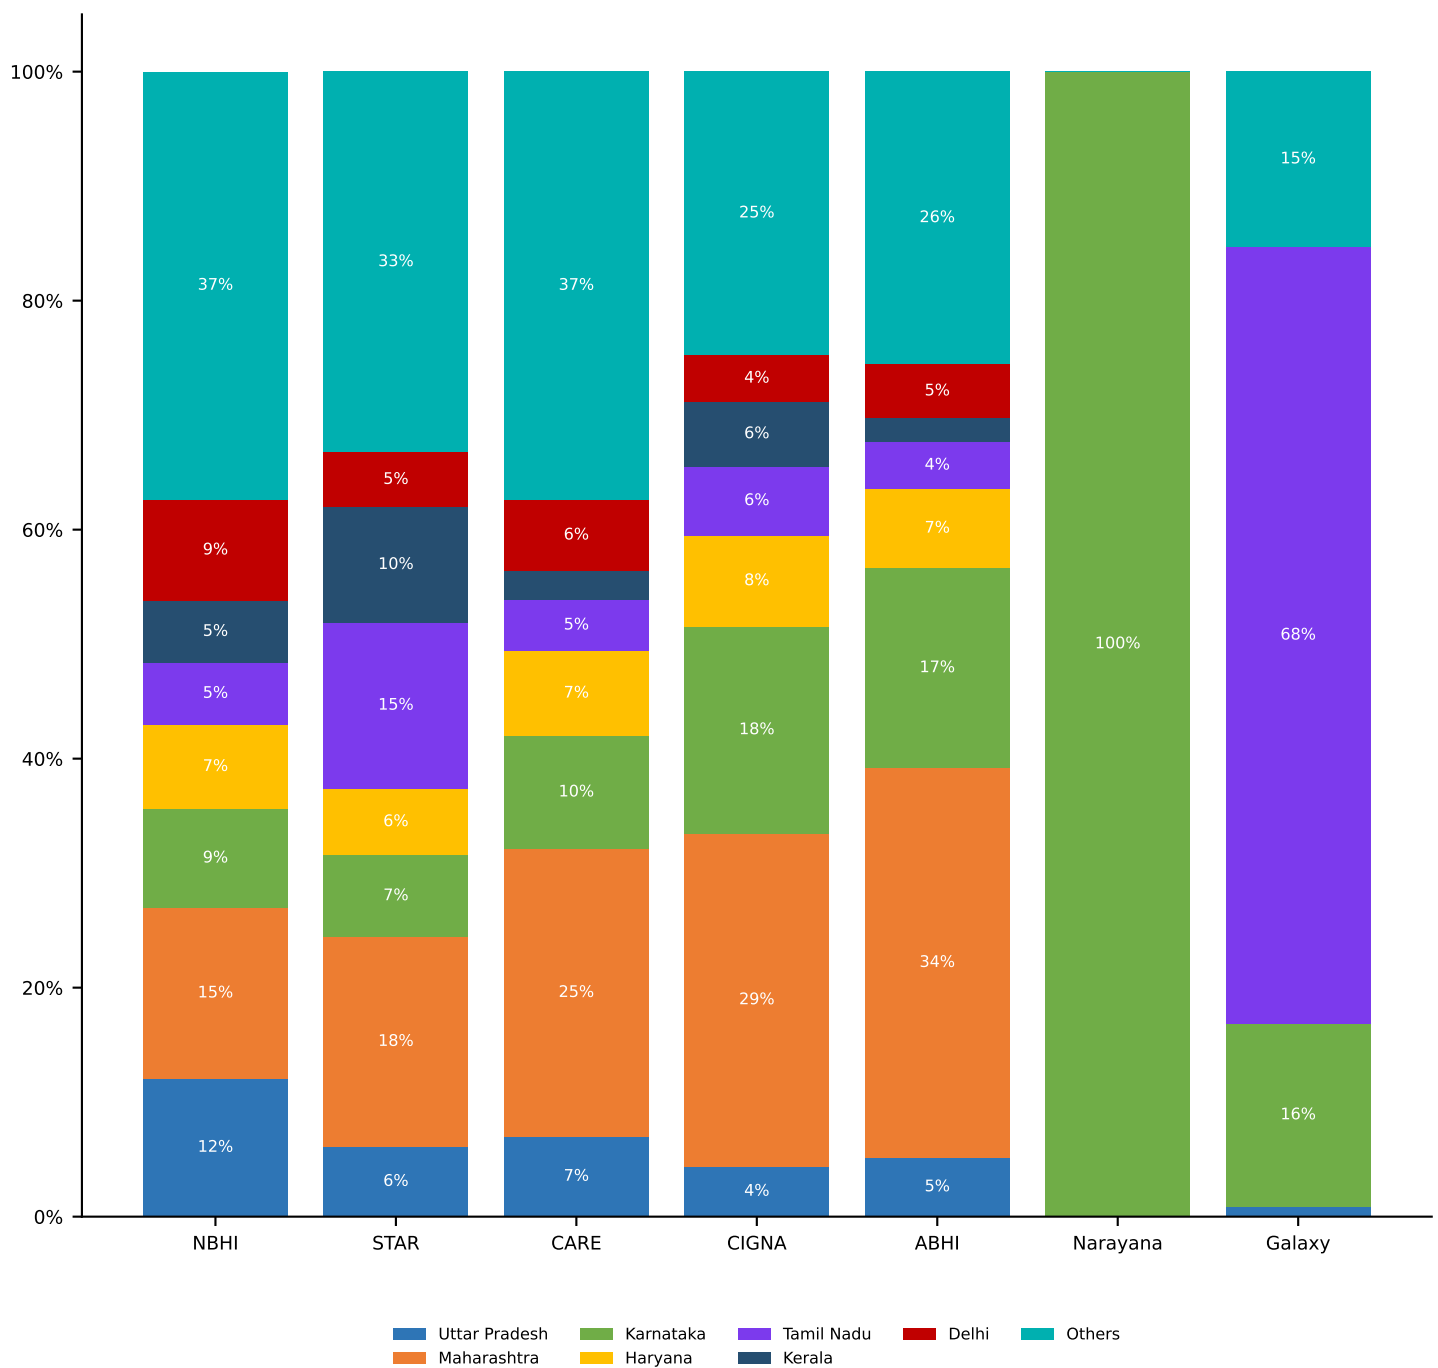

- CIGNA has the highest Individual ATS (Rs. per policy) at 27,191.6
- STAR improved the most YoY (+1,473.3)
- Galaxy declined the most YoY (-2,045.9)
- STAR has the highest Average Productivity (Rs. Lakhs per agent) at 1.3

Geographical Distribution: Zones

→ Zone split is a best-effort estimate from named-state data - East/Central exposure isn't separately identifiable this quarter (see Glossary).

Geographical Distribution: States

→ State-wise GDPI as a share of each company's own GWP.

Income Statement

FY26 Q3 (Rs. Crore)

Metric	NBHI	STAR	CARE	CIGNA	ABHI	Narayana	Galaxy

PAT	7	645	11	-215	-199	-6	-31

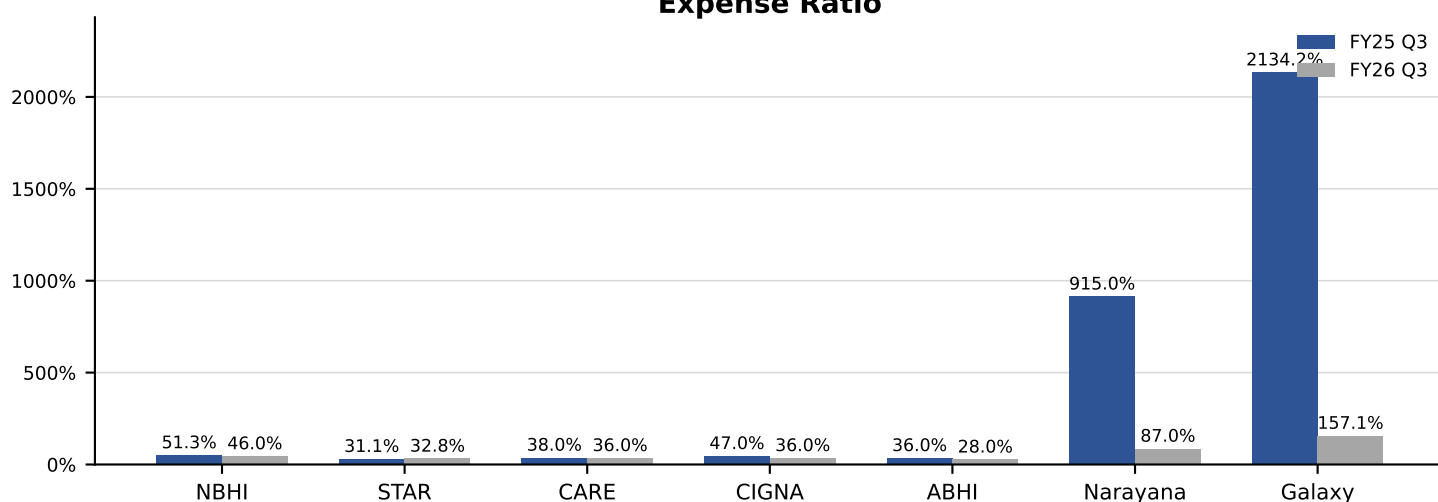

- STAR has the highest PBT at 603.1
- ABHI improved the most YoY (+19.5)
- STAR declined the most YoY (-258.8)

Key Metrics

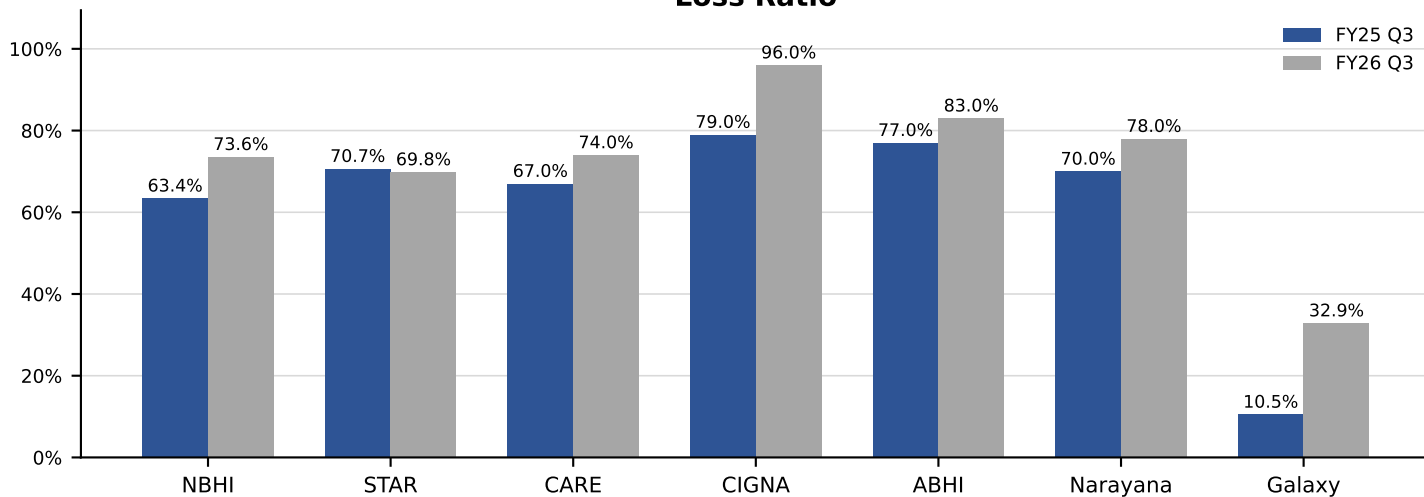

Combined Ratio

Expense Ratio

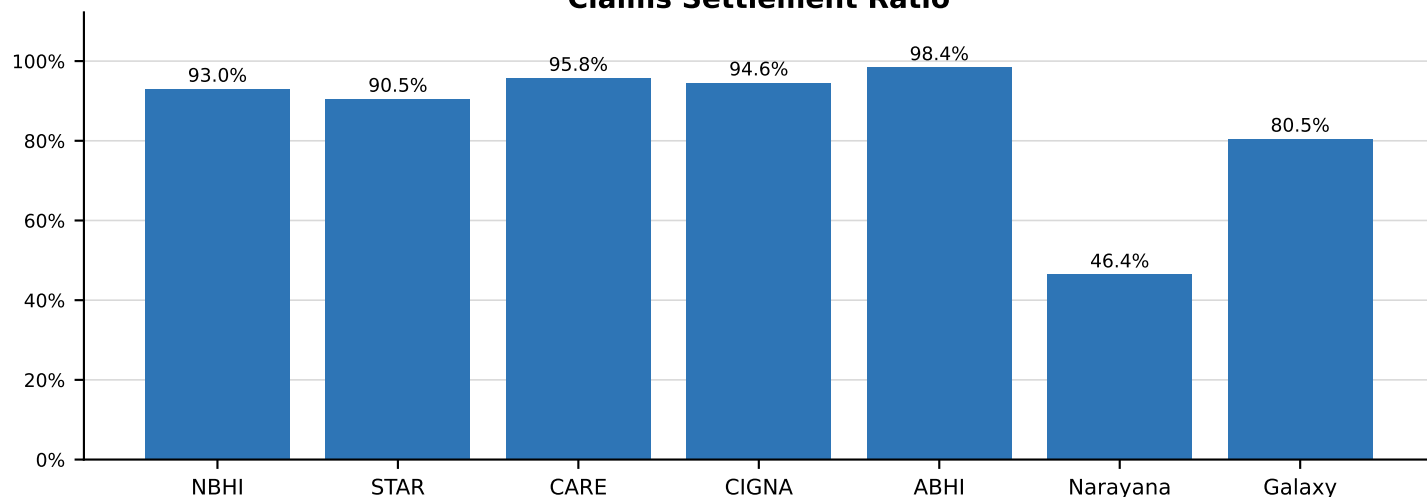

Loss Ratio

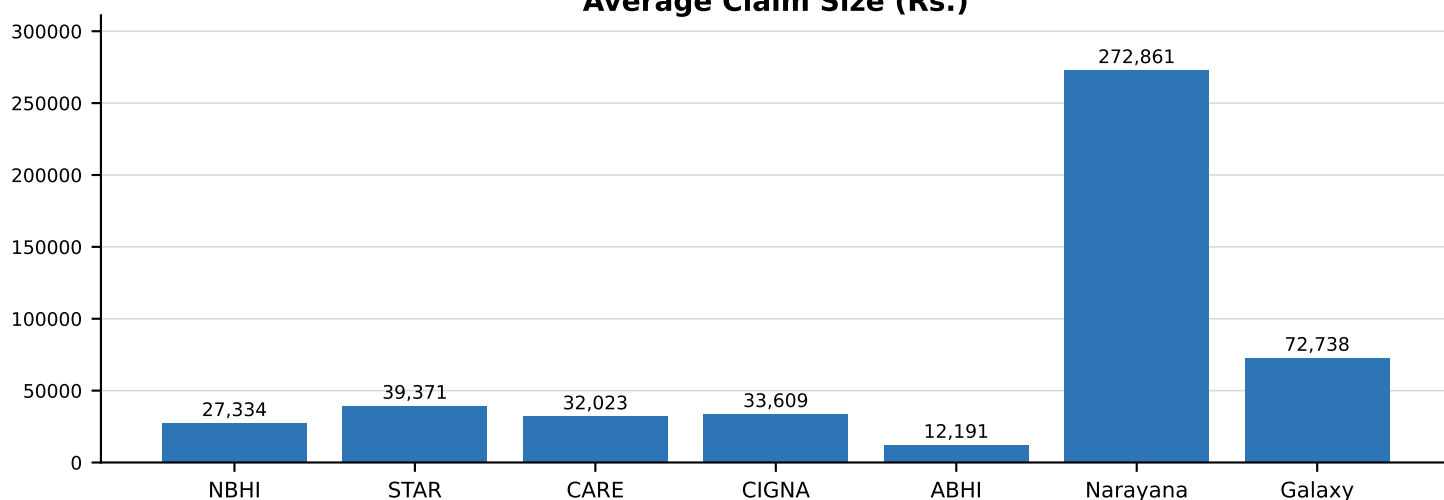

- STAR has the lowest Combined Ratio at 102.7%
- CIGNA improved the most YoY (+7.0%)
- Galaxy declined the most YoY (-1,954.7%)
- ABHI has the lowest Expense Ratio at 28.0%

Key Metrics

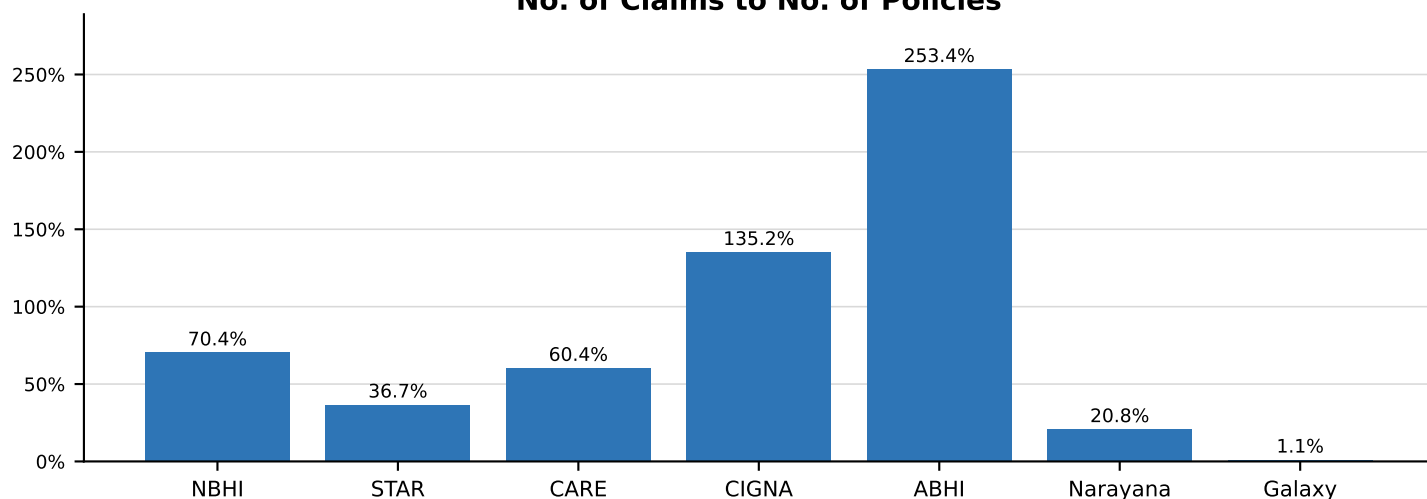

Claims Settlement Ratio

Average Claim Size (Rs.)

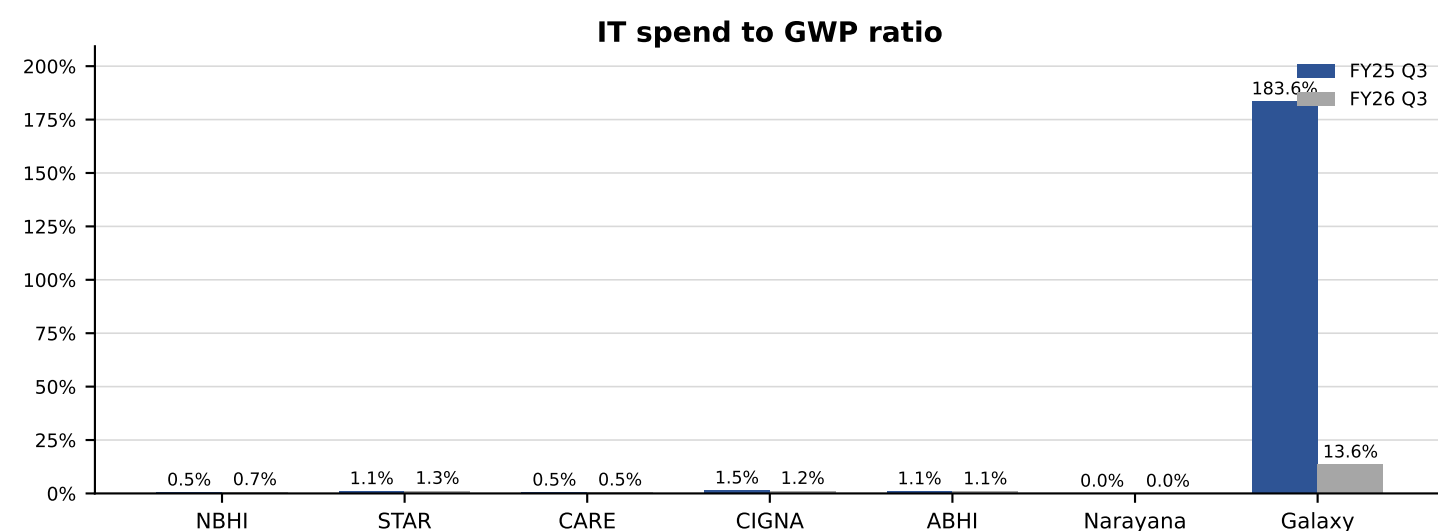

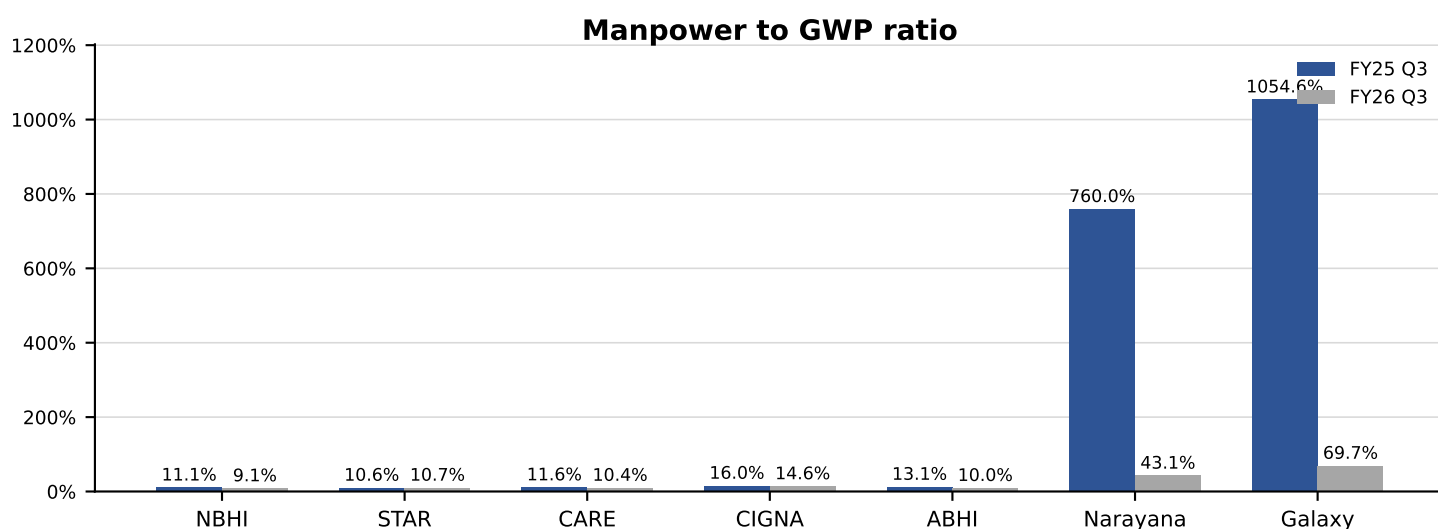

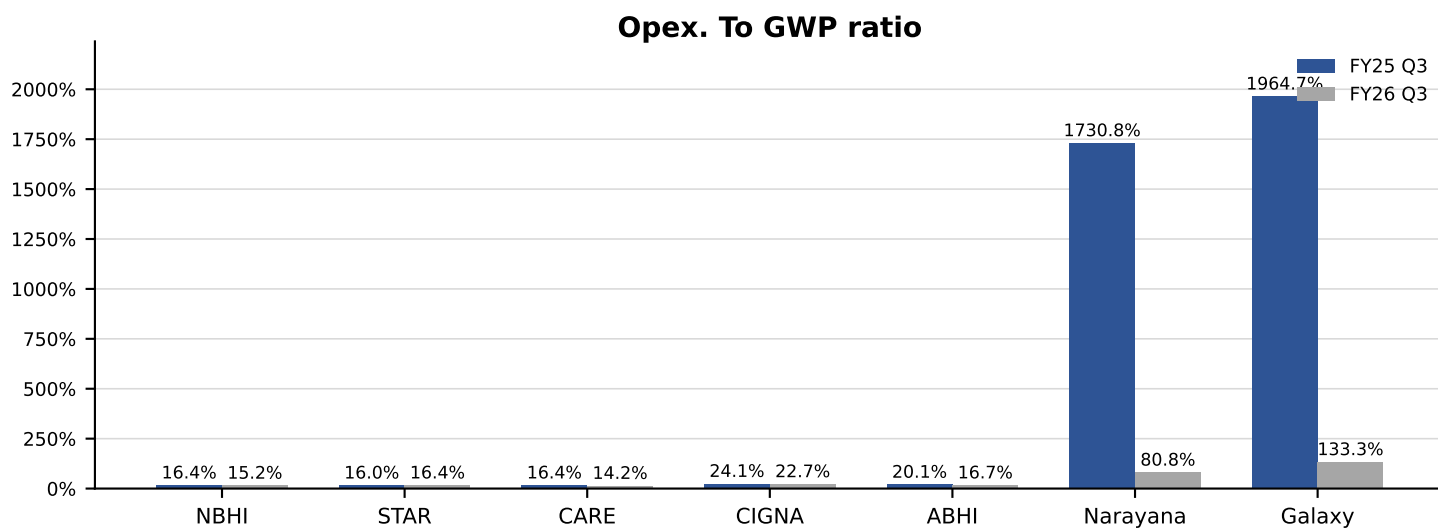

No. of Claims to No. of Policies

- ABHI has the highest Claims Settlement Ratio at 98.4%
- Narayana has the highest Average Claim Size (Rs.) at 272,861.4
- Galaxy has the lowest No. of Claims to No. of Policies at 1.1%
- Average Claim Size and No. of claims to policies are best-effort estimates.

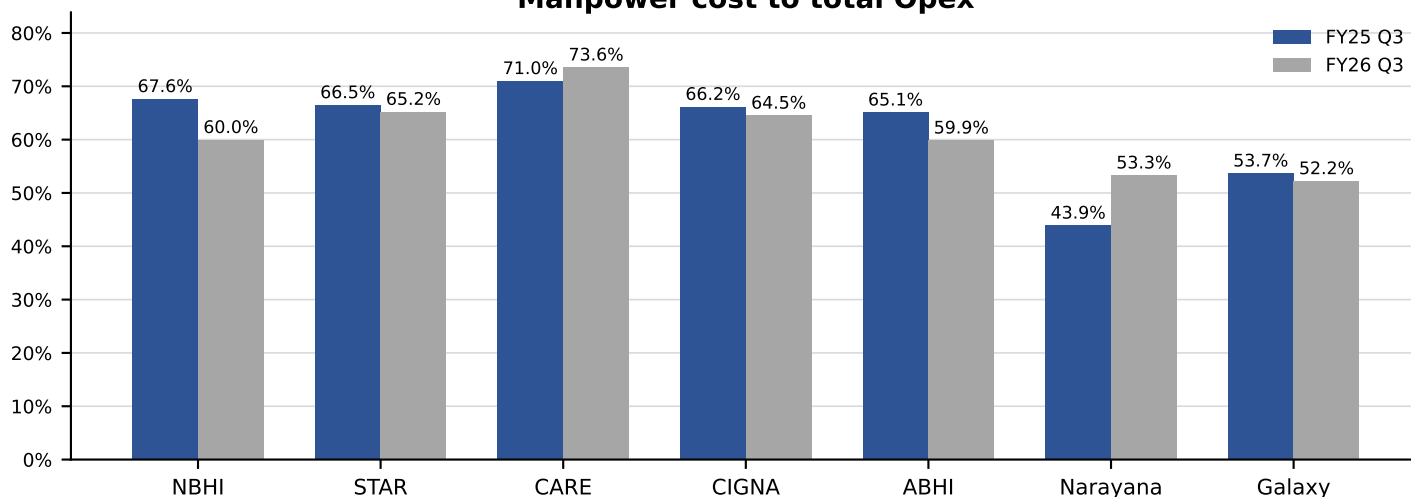

Key Metrics

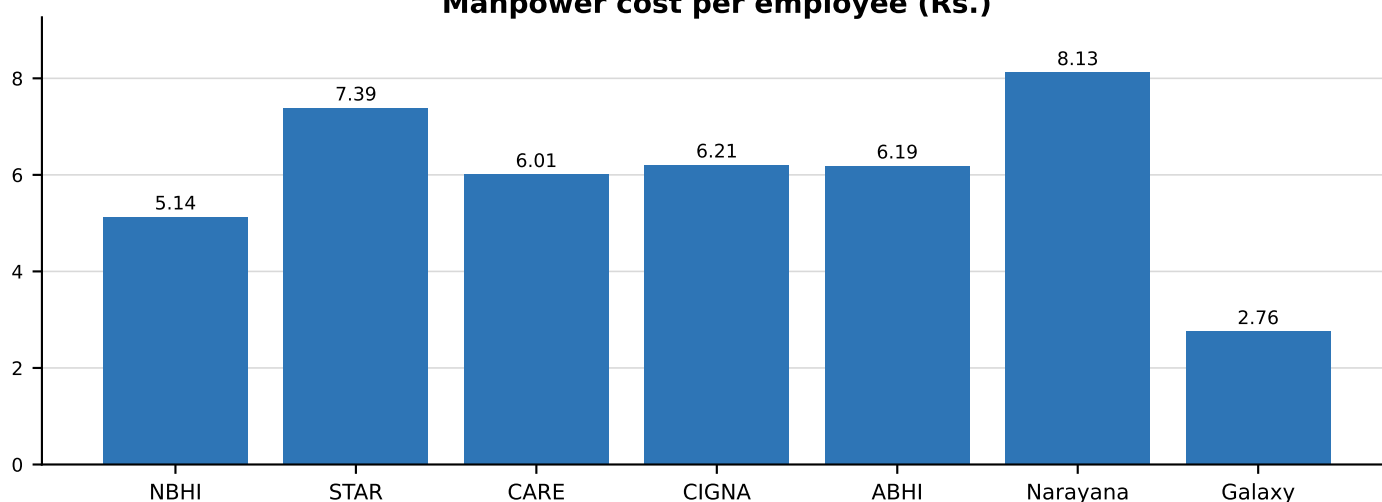

- CARE has the lowest Opex. To GWP ratio at 14.2%
- STAR improved the most YoY (+0.4%)
- Galaxy declined the most YoY (-1,831.4%)
- NBHI has the lowest Manpower to GWP ratio at 9.1%

Key Metrics

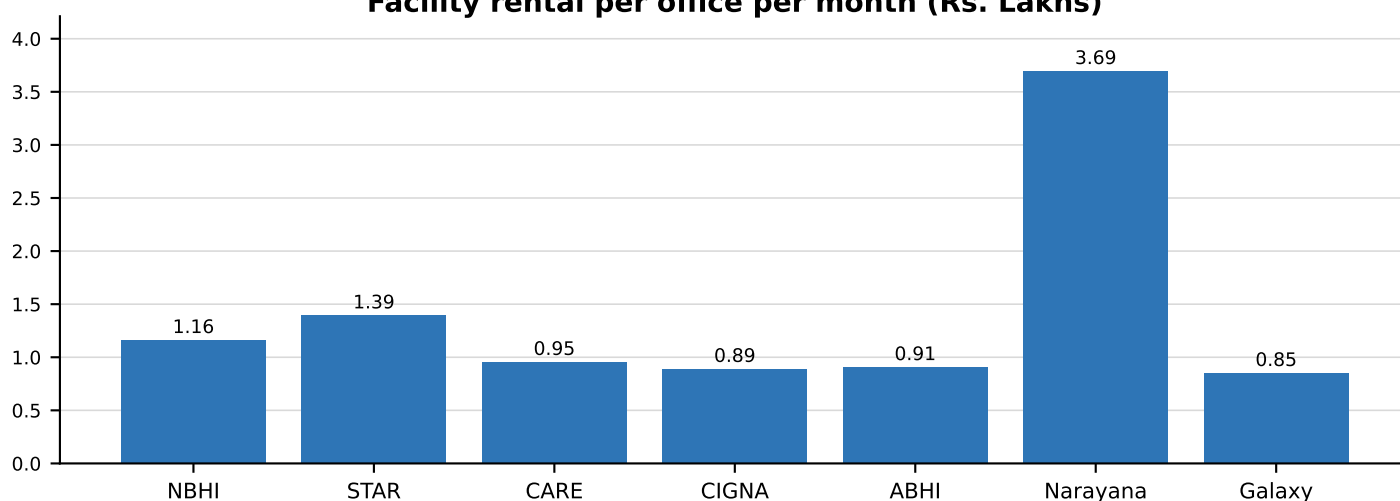

Manpower cost to total Opex

Manpower cost per employee (Rs.)

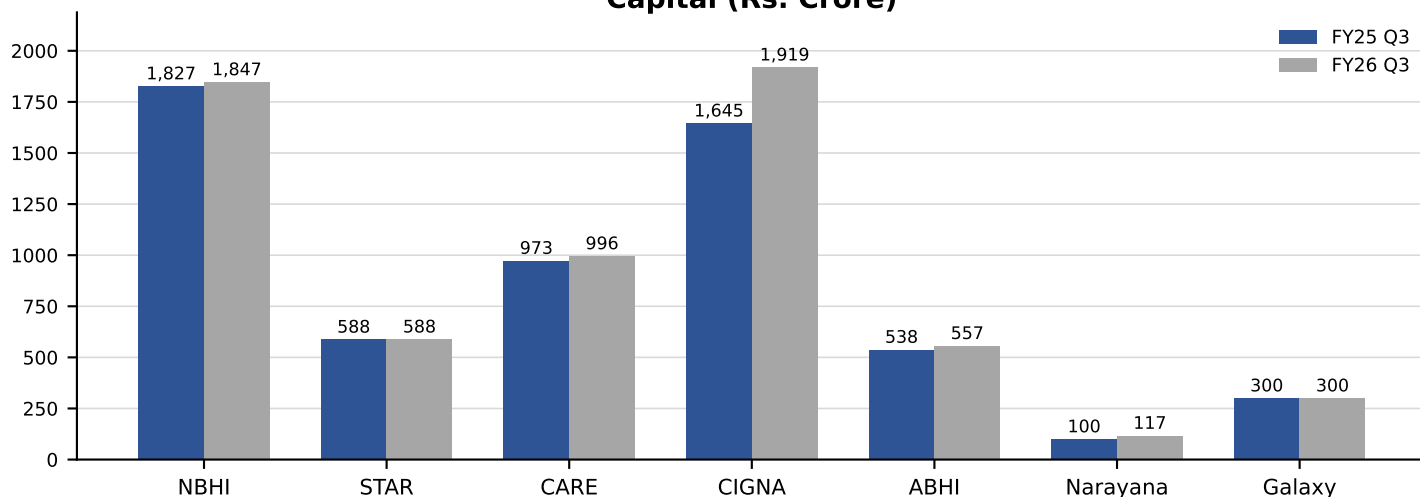

Facility rental per office per month (Rs. Lakhs)

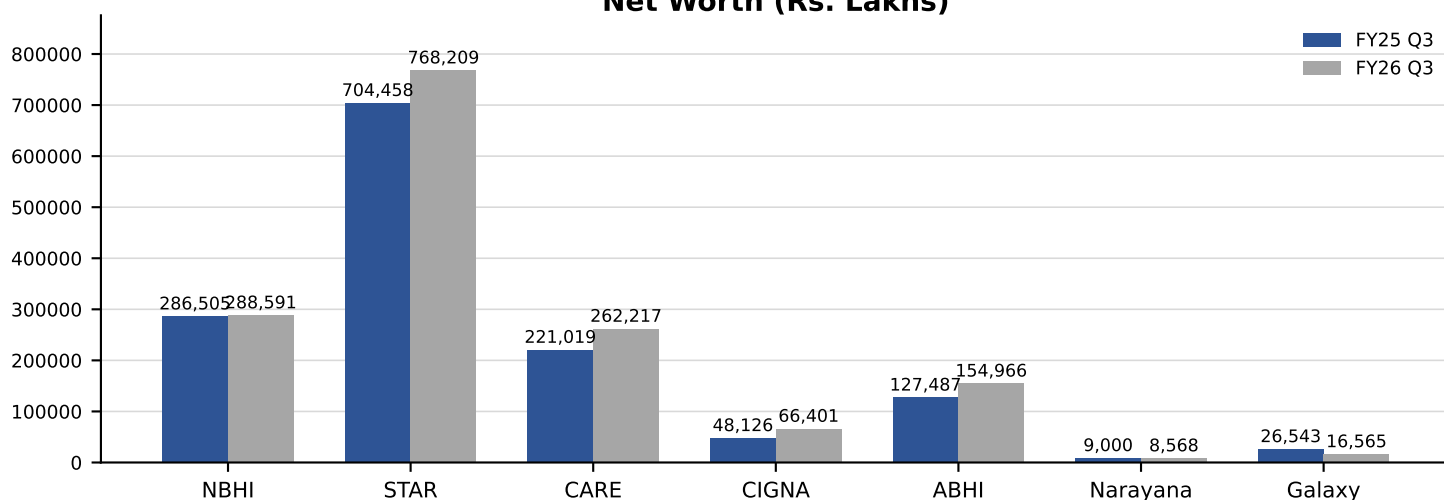

- CARE has the highest Manpower cost to total Opex at 73.6%
- Narayana improved the most YoY (+9.4%)
- NBHI declined the most YoY (-7.7%)
- Narayana has the highest Manpower cost per employee (Rs.) at 8.1

Key Metrics

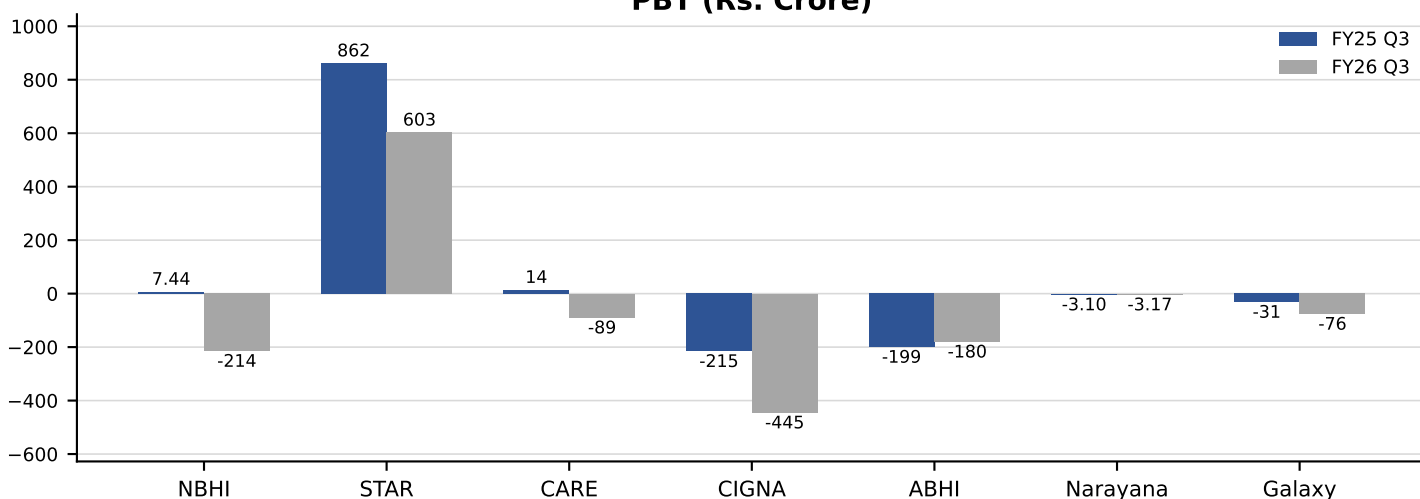

Capital (Rs. Crore)

Net Worth (Rs. Lakhs)

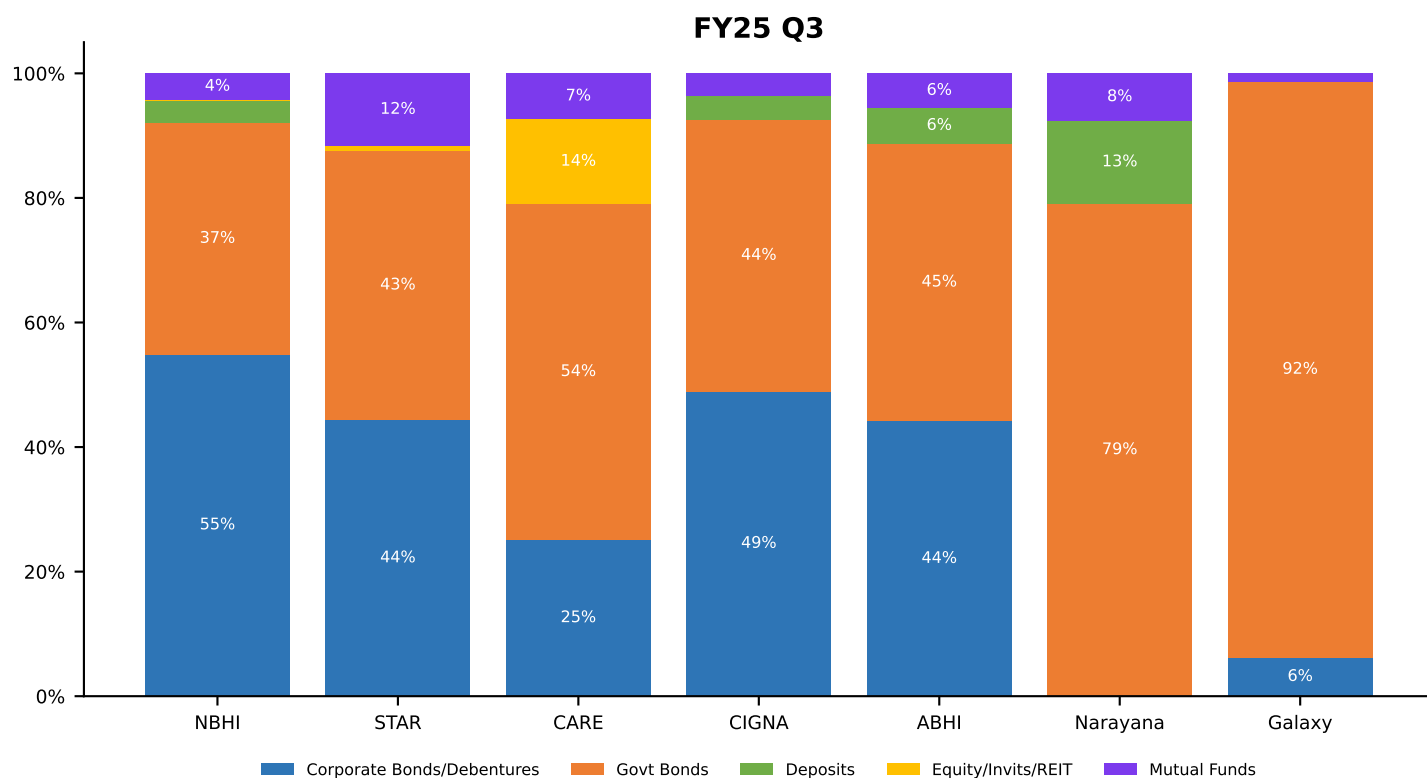

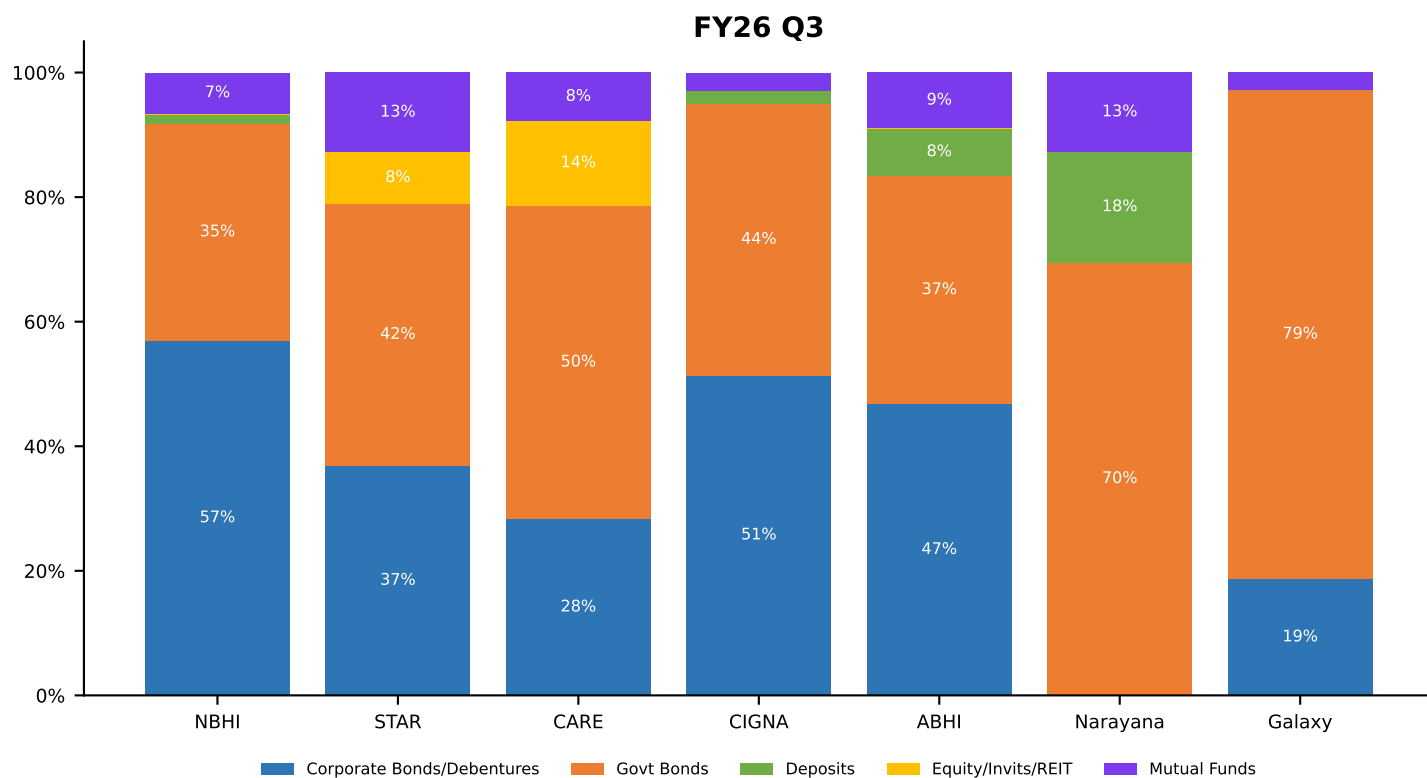

PBT (Rs. Crore)

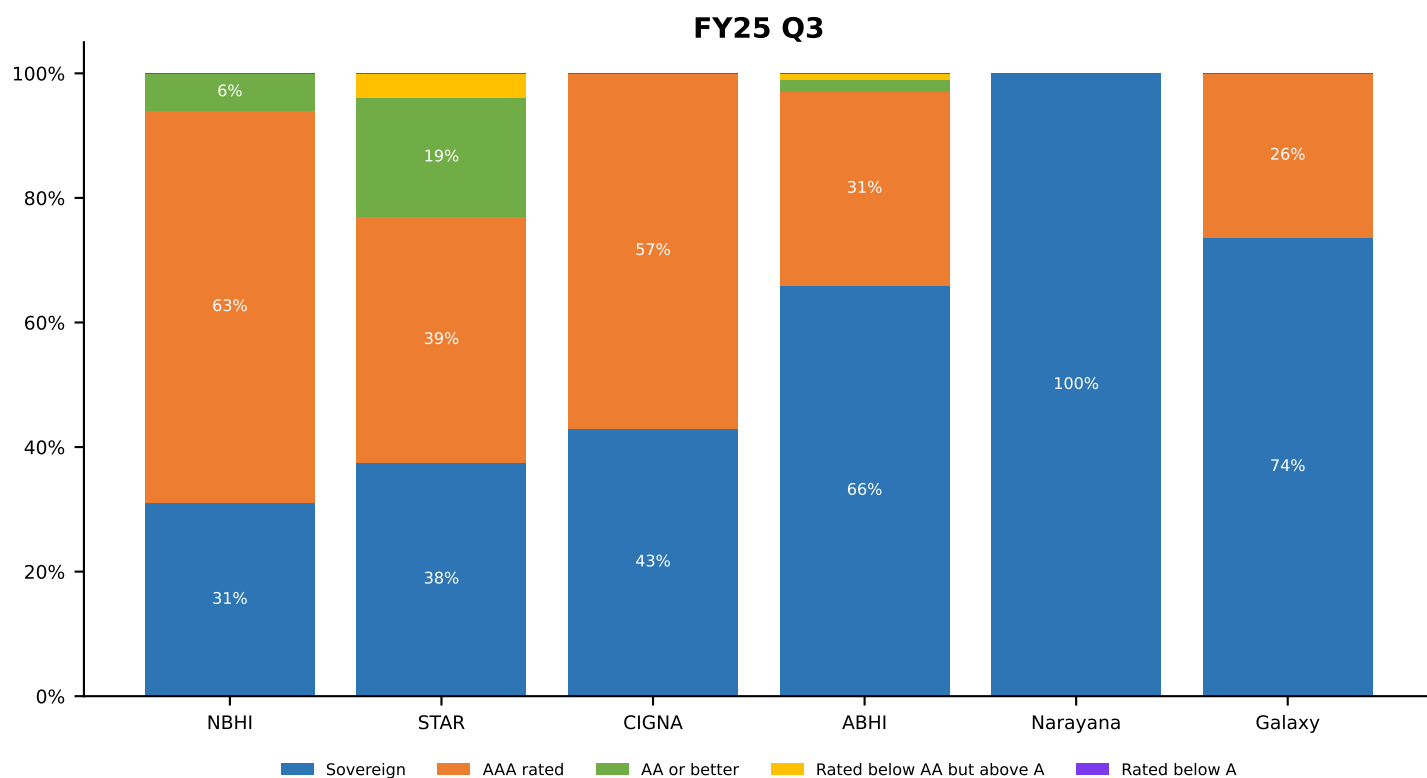

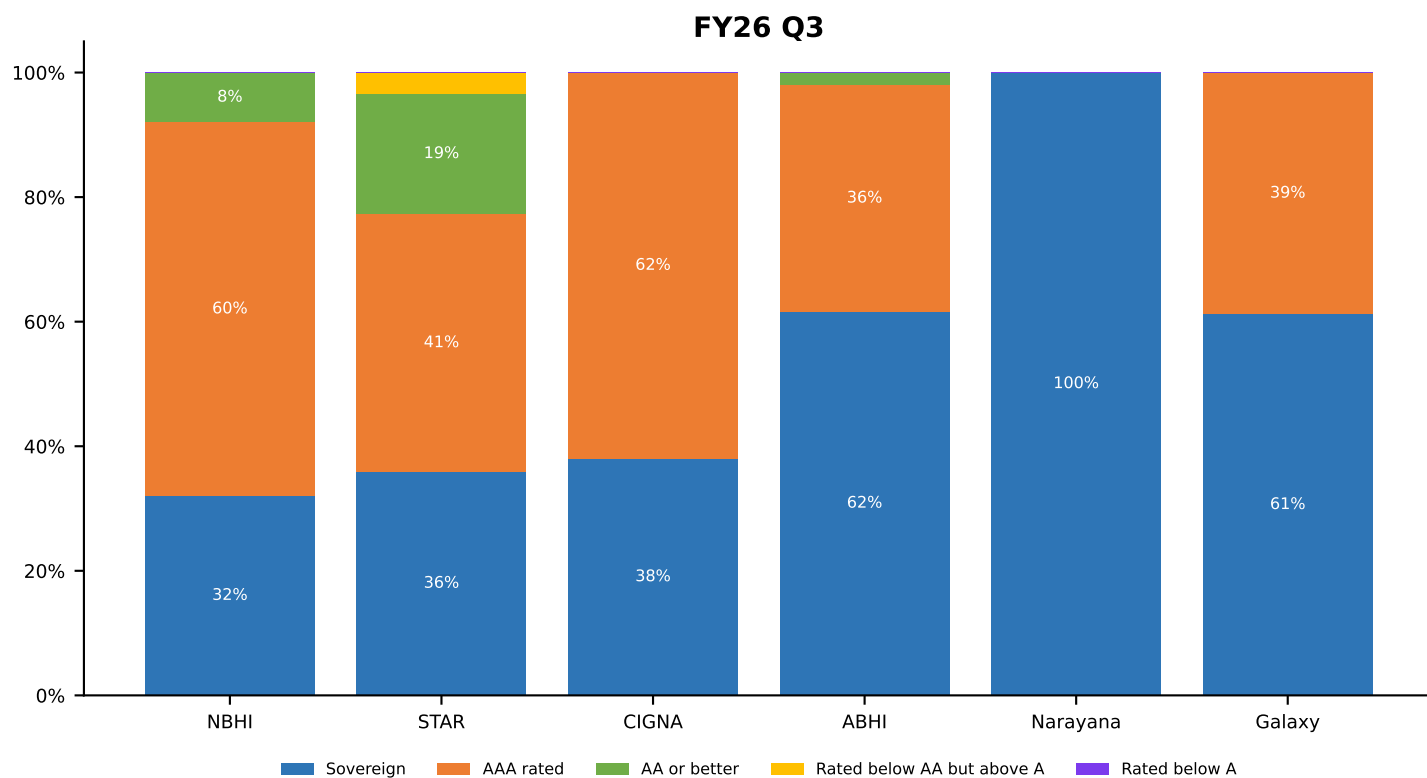

- CIGNA has the highest Capital (Rs. Crore) at 1,919.2
- CIGNA improved the most YoY (+274.0)
- STAR has the highest Net Worth (Rs. Lakhs) at 768,209.0
- STAR improved the most YoY (+63,751.0)

Investment Portfolio

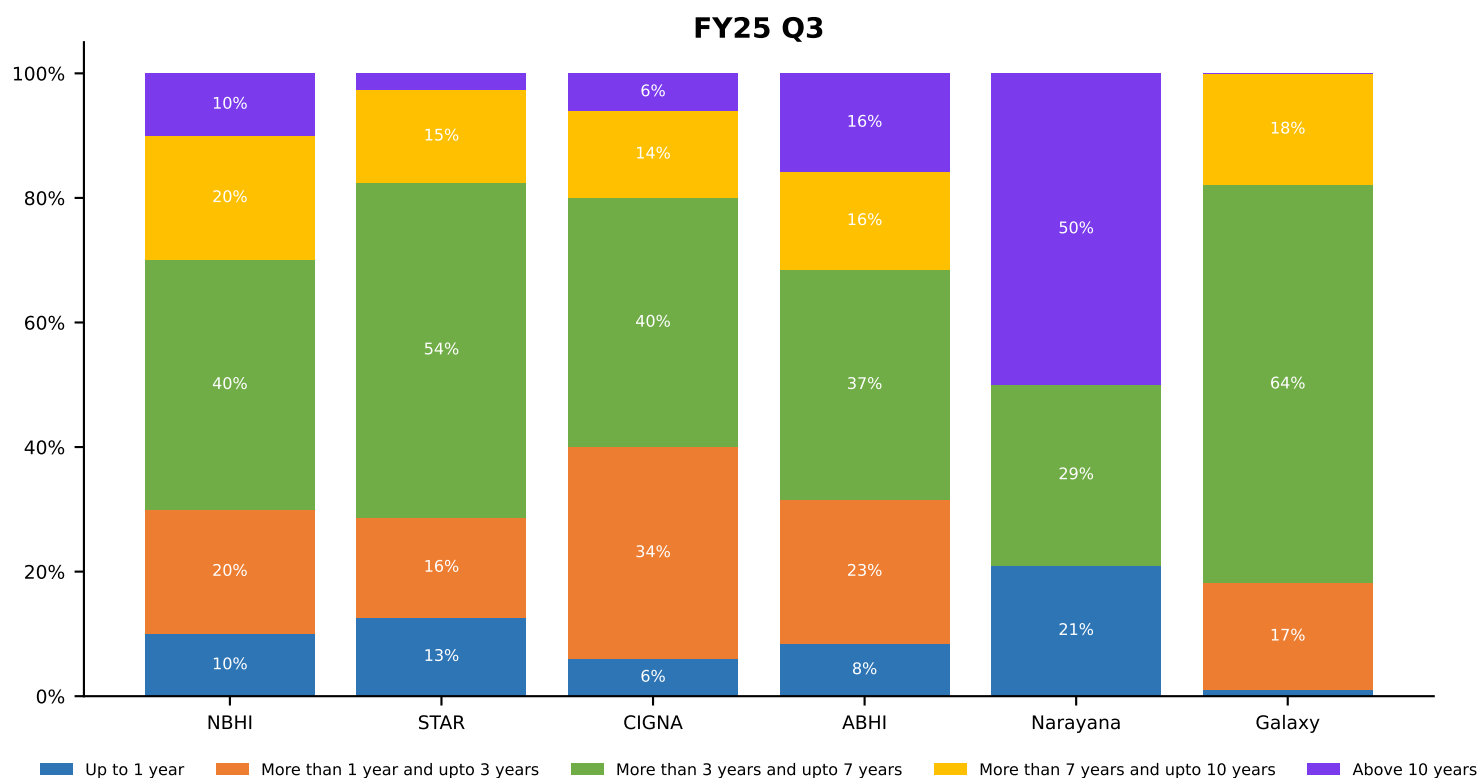

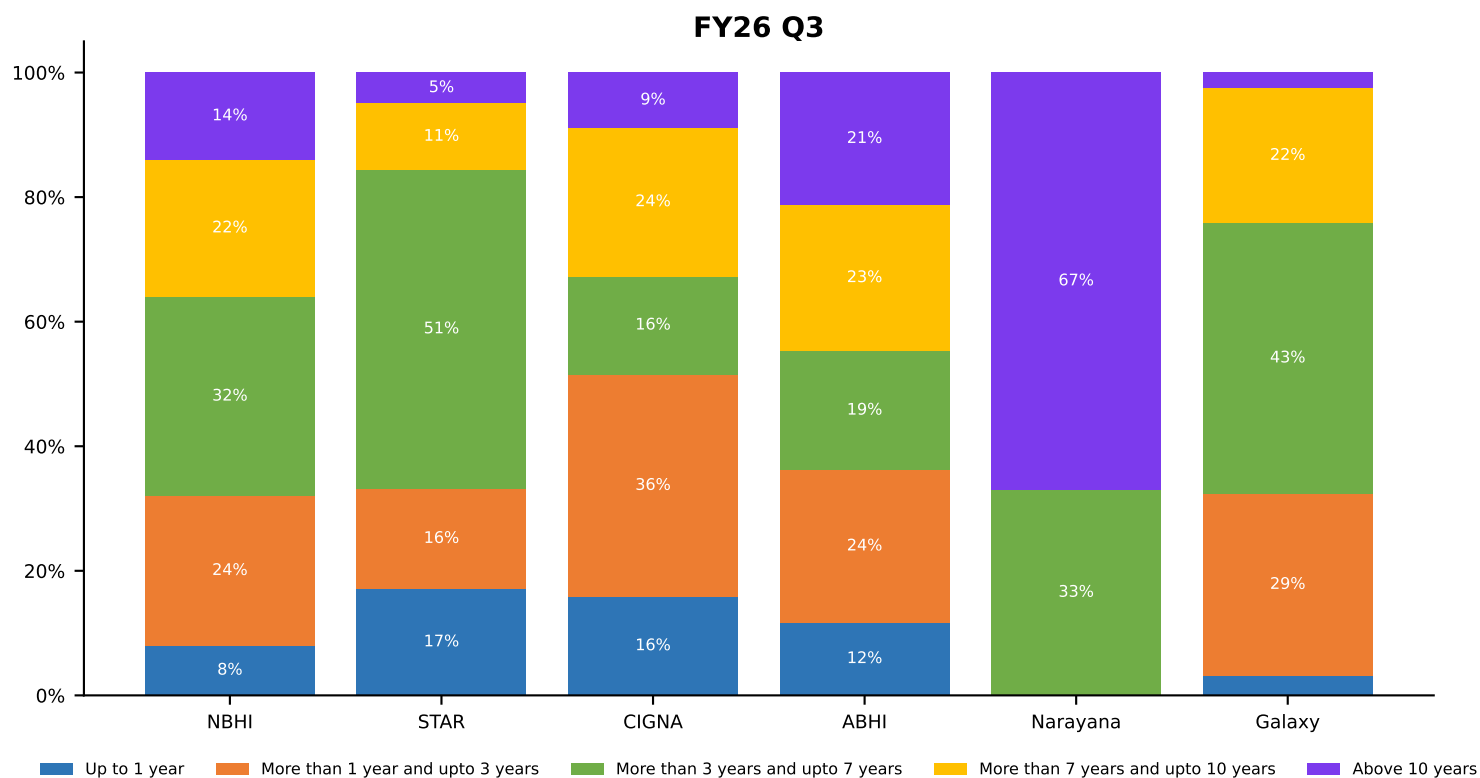

→ Investment mix as % of each company's own book value.

Debt Portfolio: Credit Rating

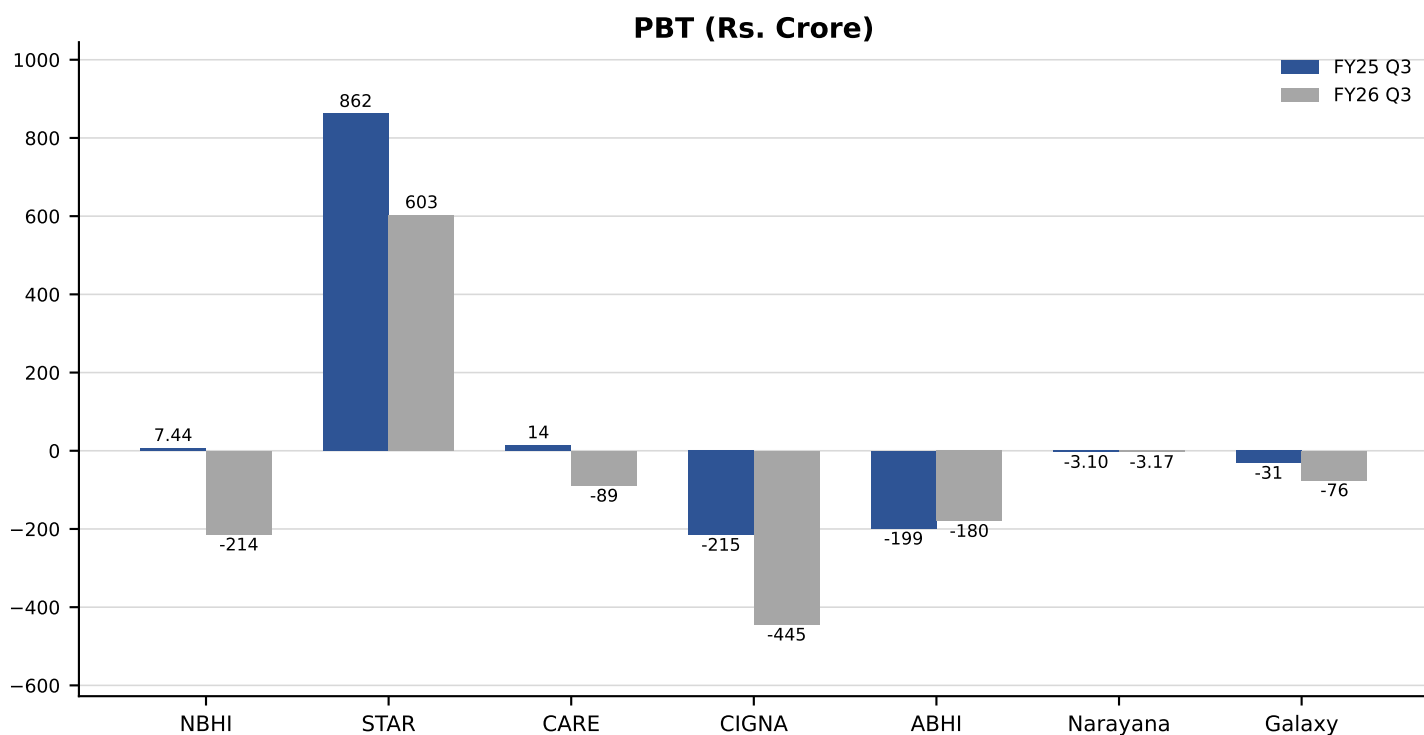

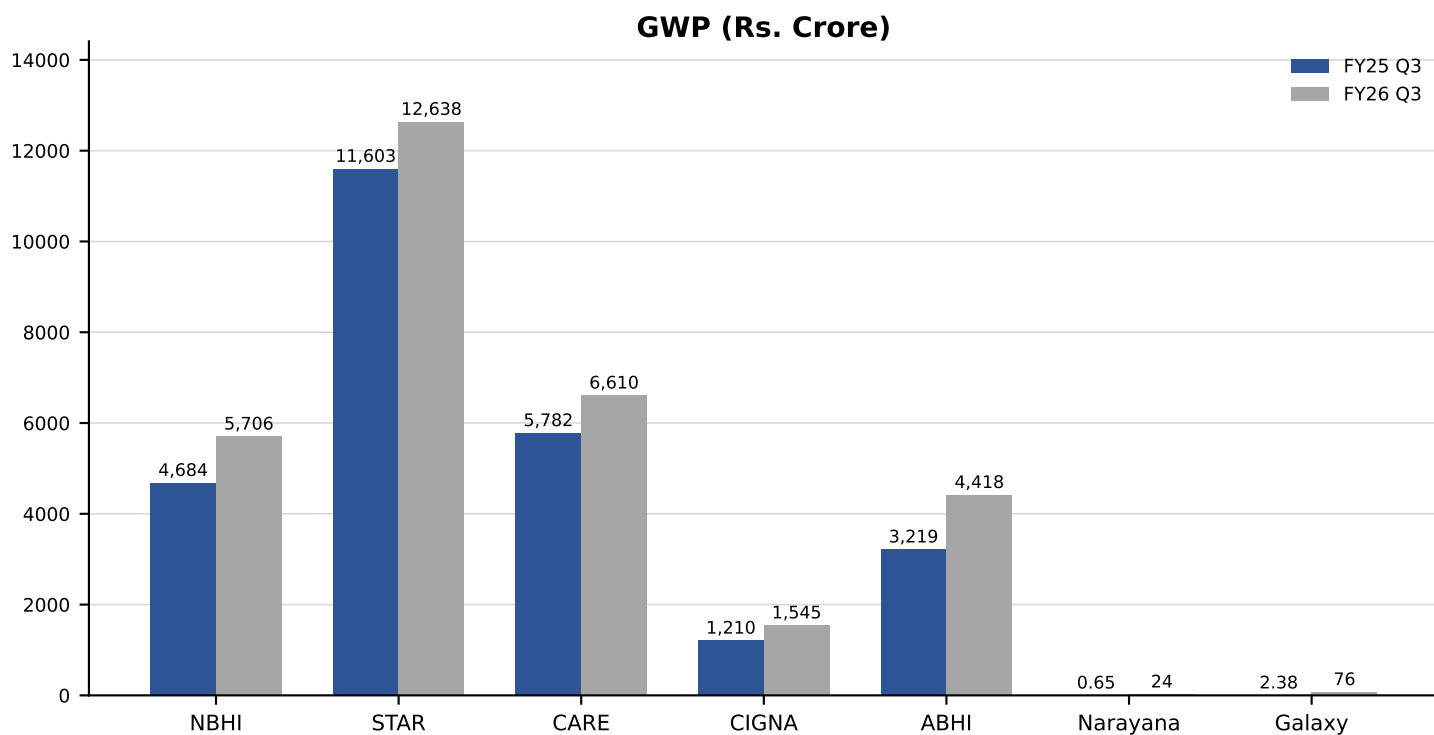

→ Exposure by credit rating.

Debt Portfolio: Residual Maturity

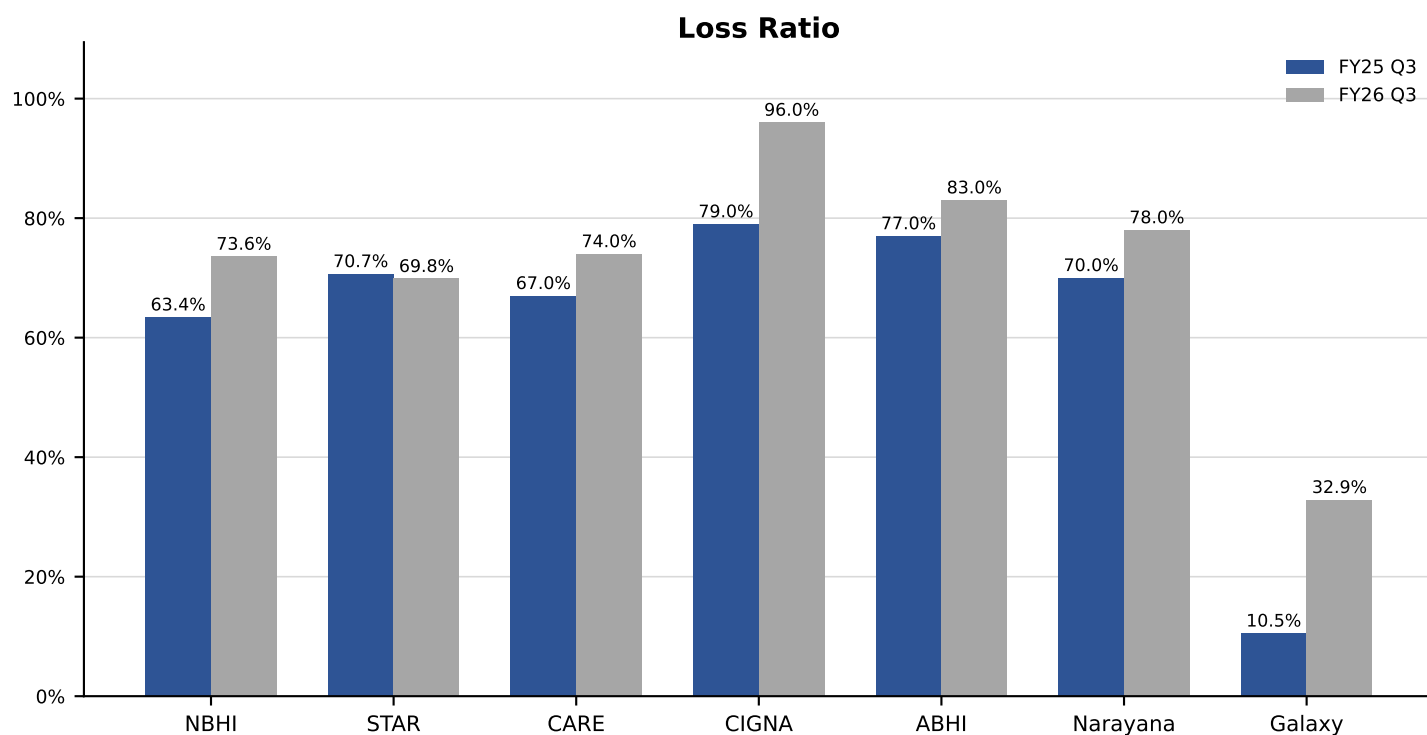

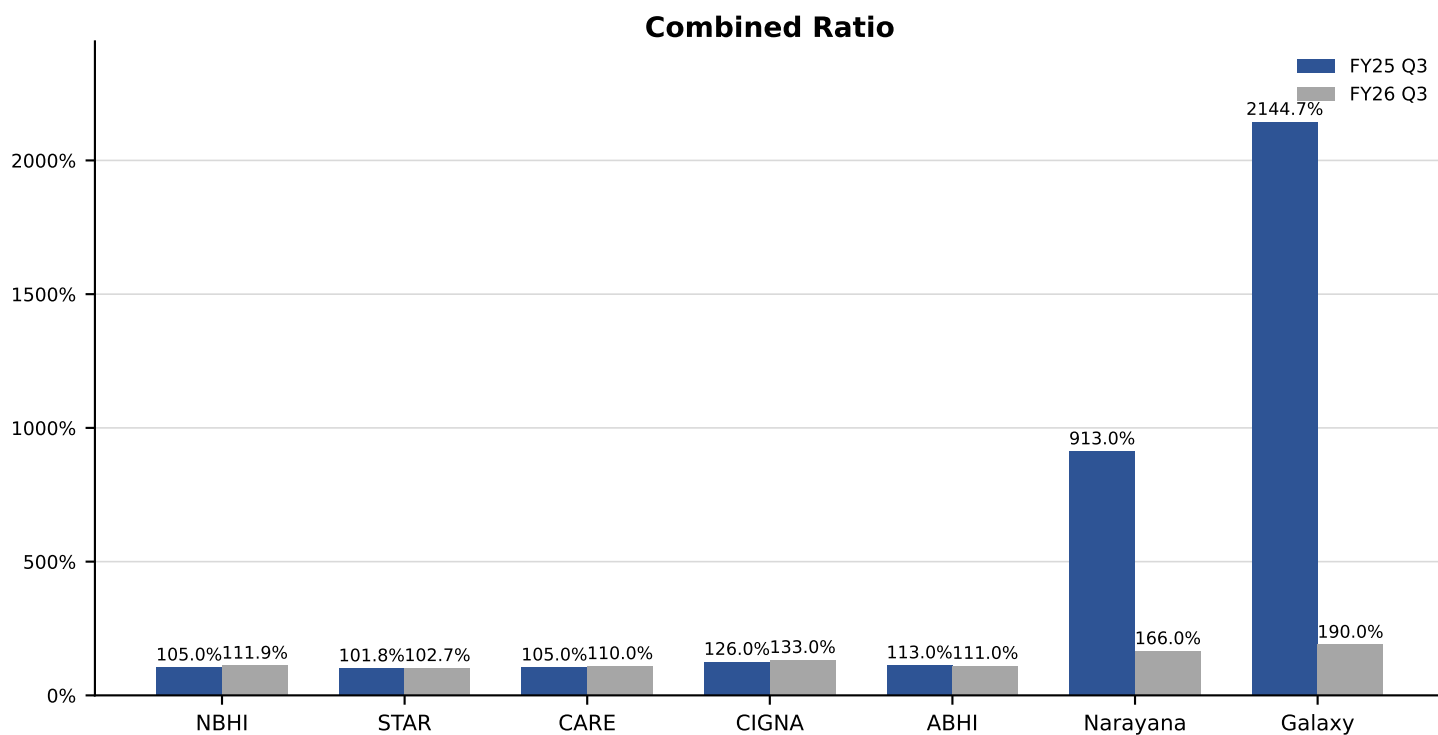

→ Exposure by residual maturity.

Historical Trends

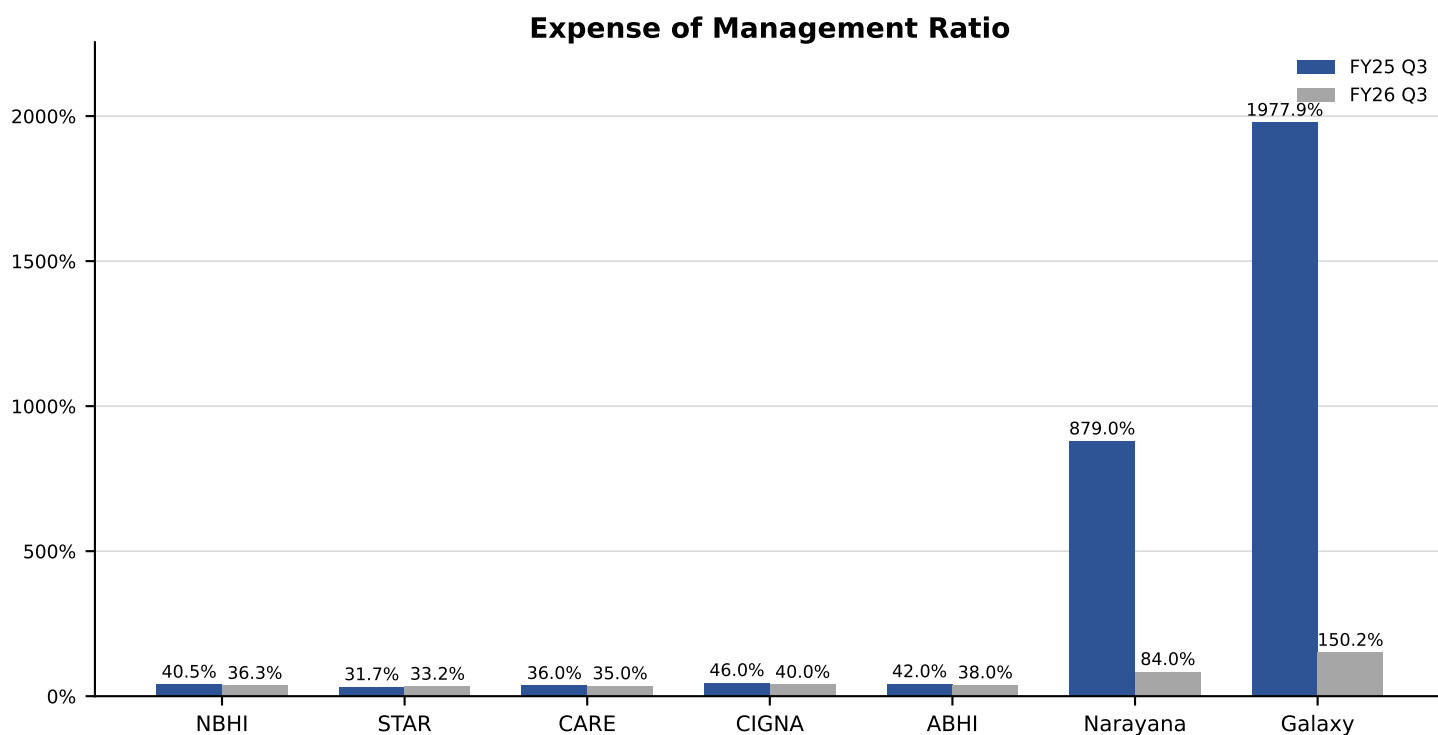

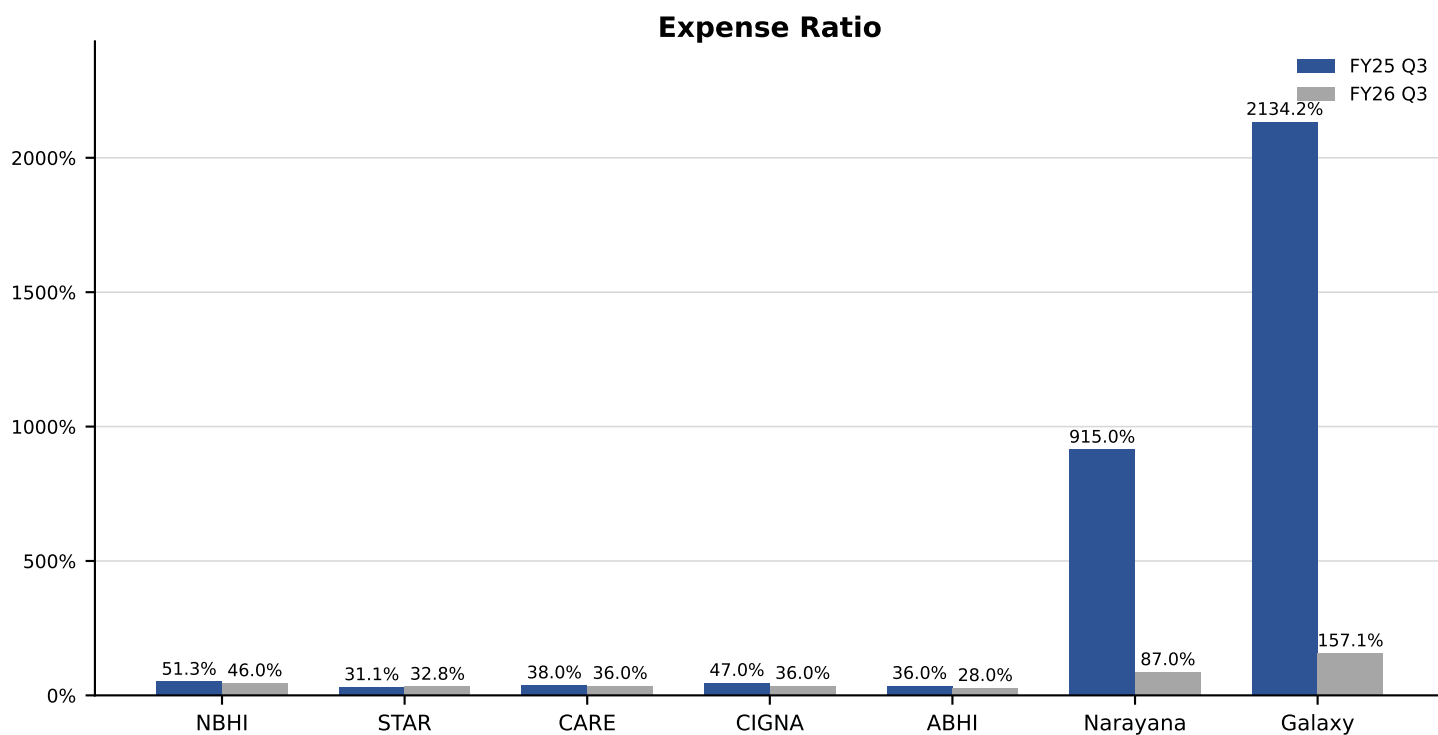

- STAR has the highest GWP (Rs. Crore) at 12,638.2
- ABHI improved the most YoY (+1,199.6)
- STAR has the highest PBT (Rs. Crore) at 603.1
- Quarterly YoY comparison (FY25 Q3 vs FY26 Q3), not multi-year history.

Historical Trends

- STAR has the lowest Combined Ratio at 102.7%
- CIGNA improved the most YoY (+7.0%)
- Galaxy declined the most YoY (-1,954.7%)
- Quarterly YoY comparison (FY25 Q3 vs FY26 Q3), not multi-year history.

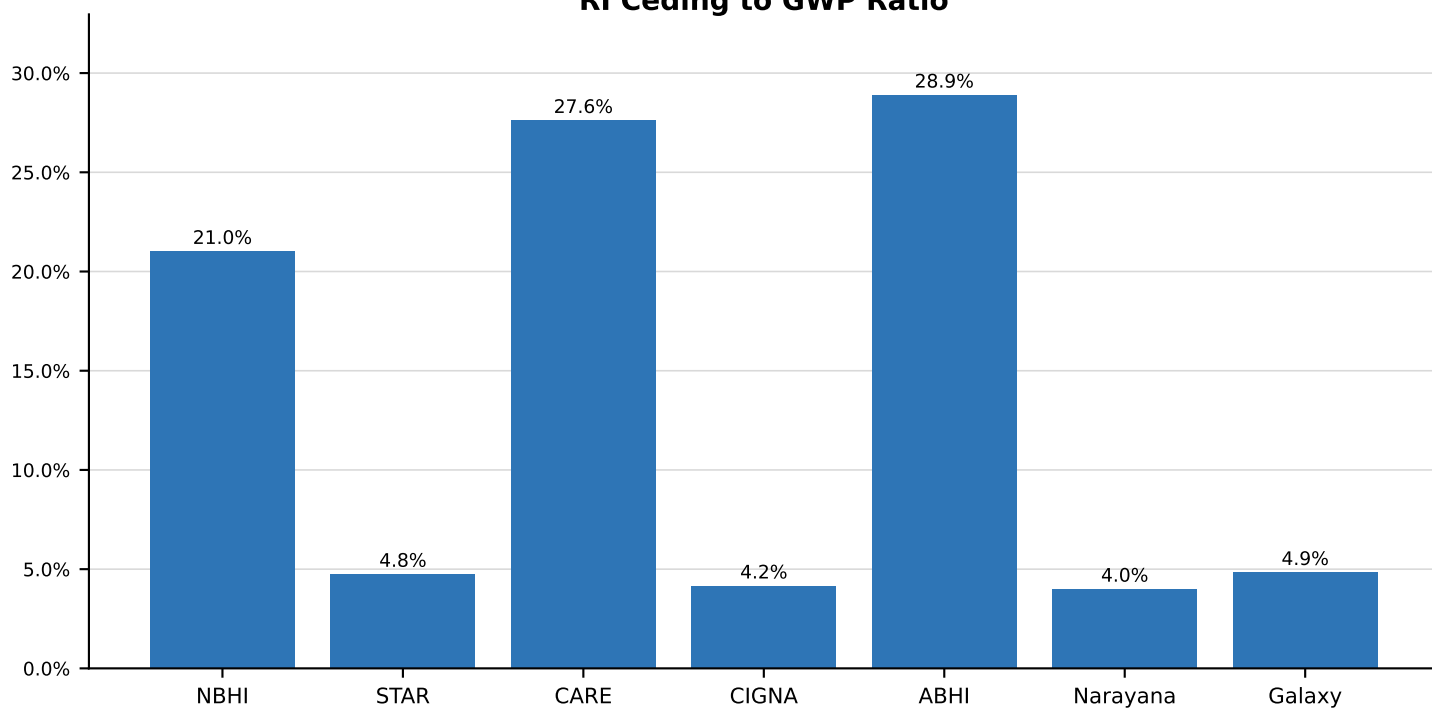

Historical Trends

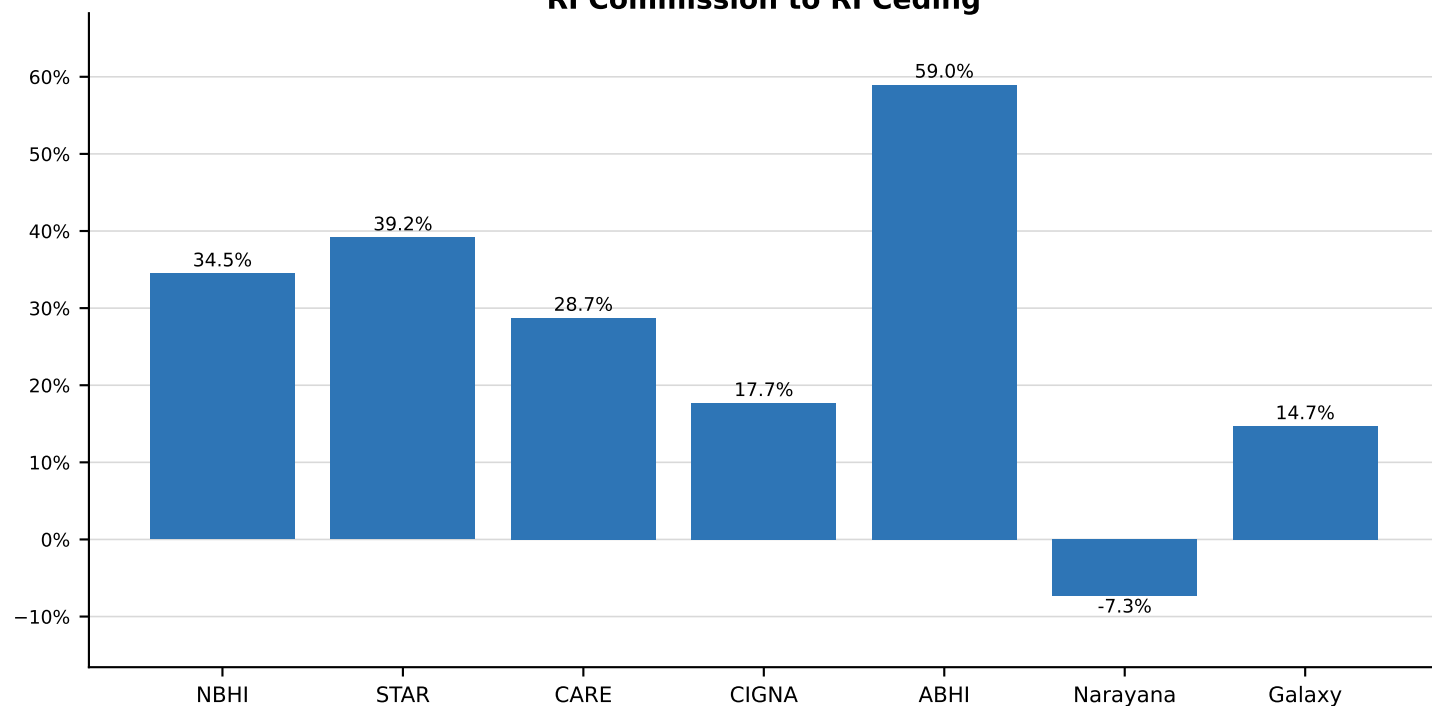

- ABHI has the lowest Expense Ratio at 28.0%
- STAR improved the most YoY (+1.7%)
- Galaxy declined the most YoY (-1,977.1%)
- Quarterly YoY comparison (FY25 Q3 vs FY26 Q3), not multi-year history.

Historical Trends

RI Ceding to GWP Ratio

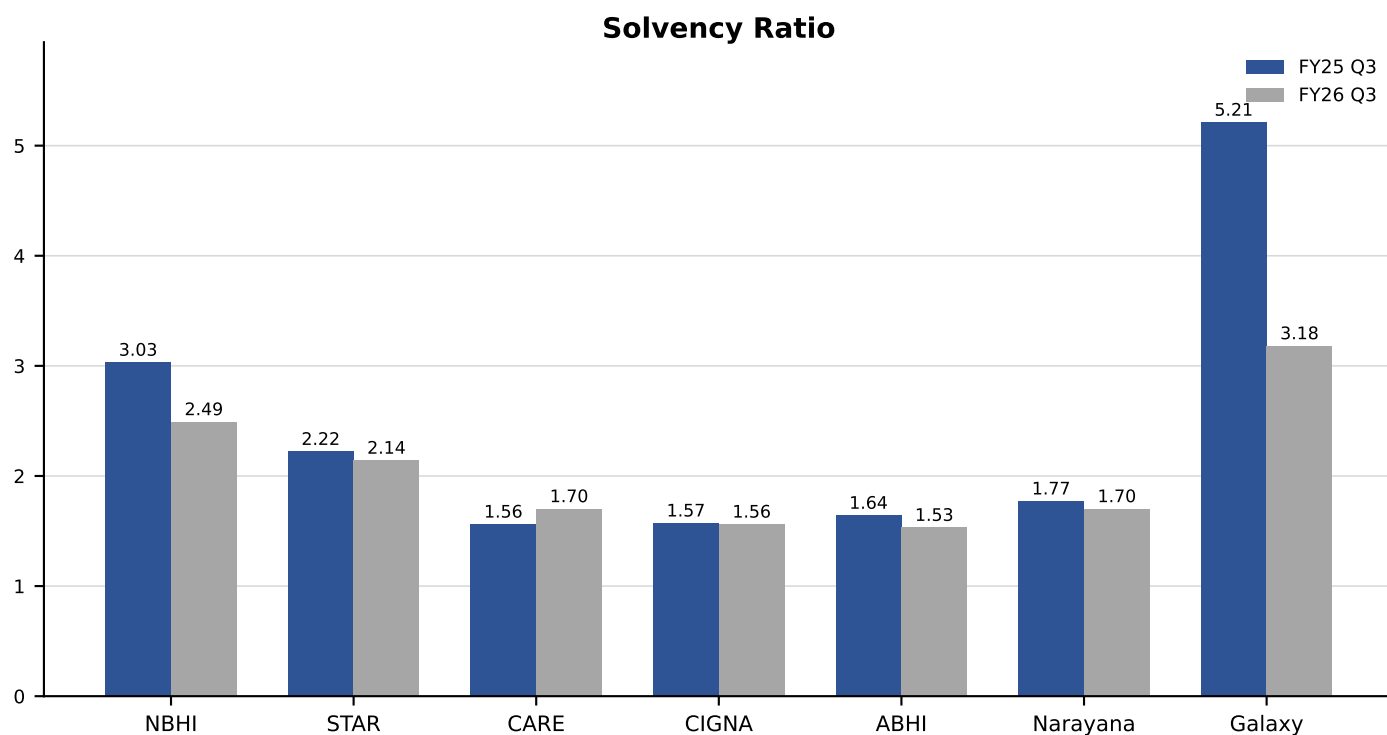

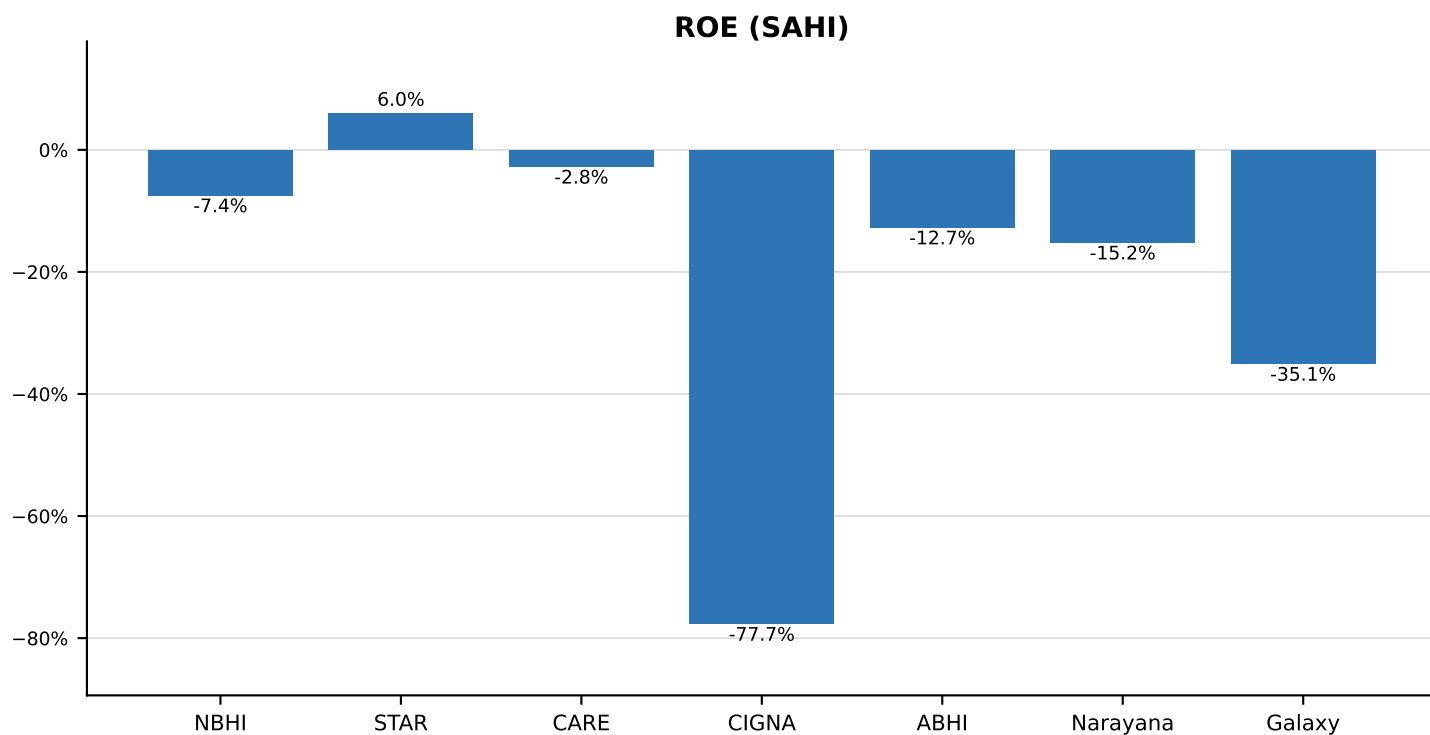

RI Commission to RI Ceding

- ABHI has the highest RI Ceding to GWP Ratio at 28.9%
- ABHI has the highest RI Commission to RI Ceding at 59.0%
- Quarterly YoY comparison (FY25 Q3 vs FY26 Q3), not multi-year history.

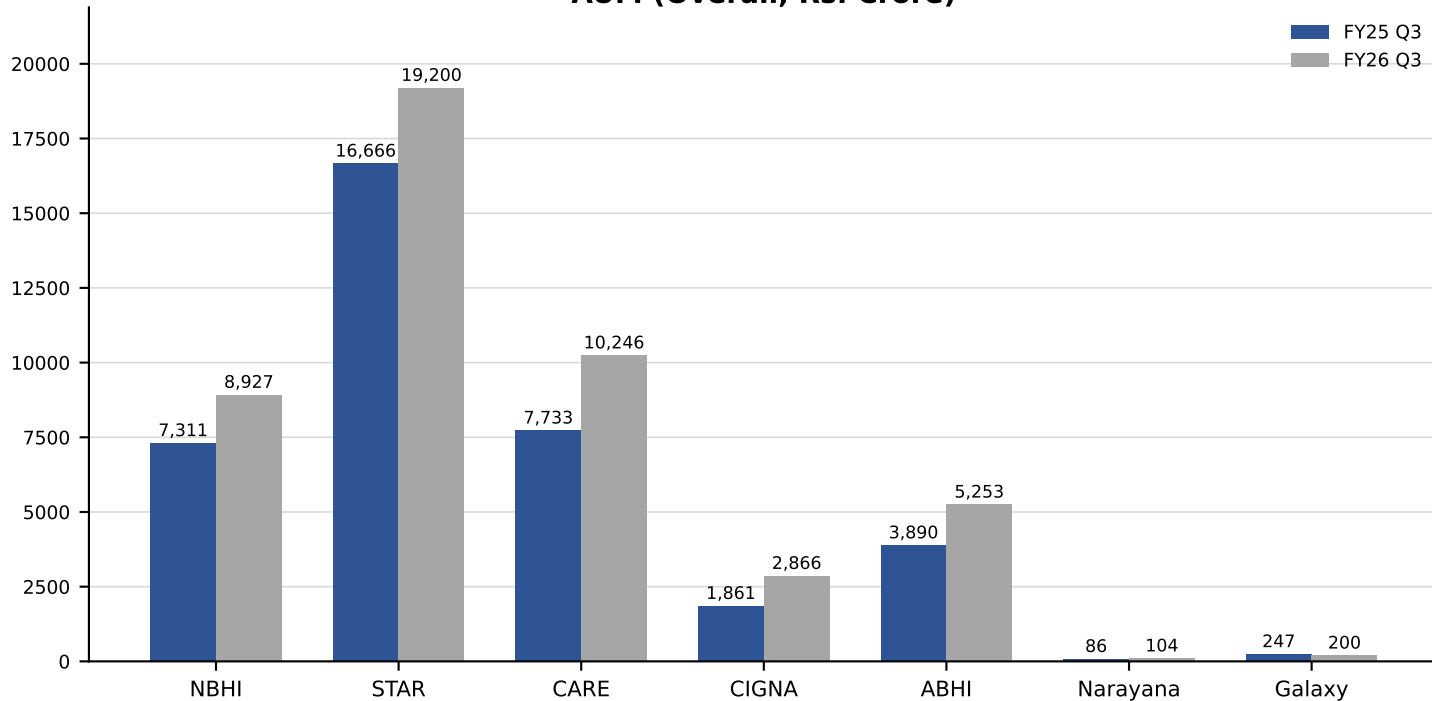

Historical Trends

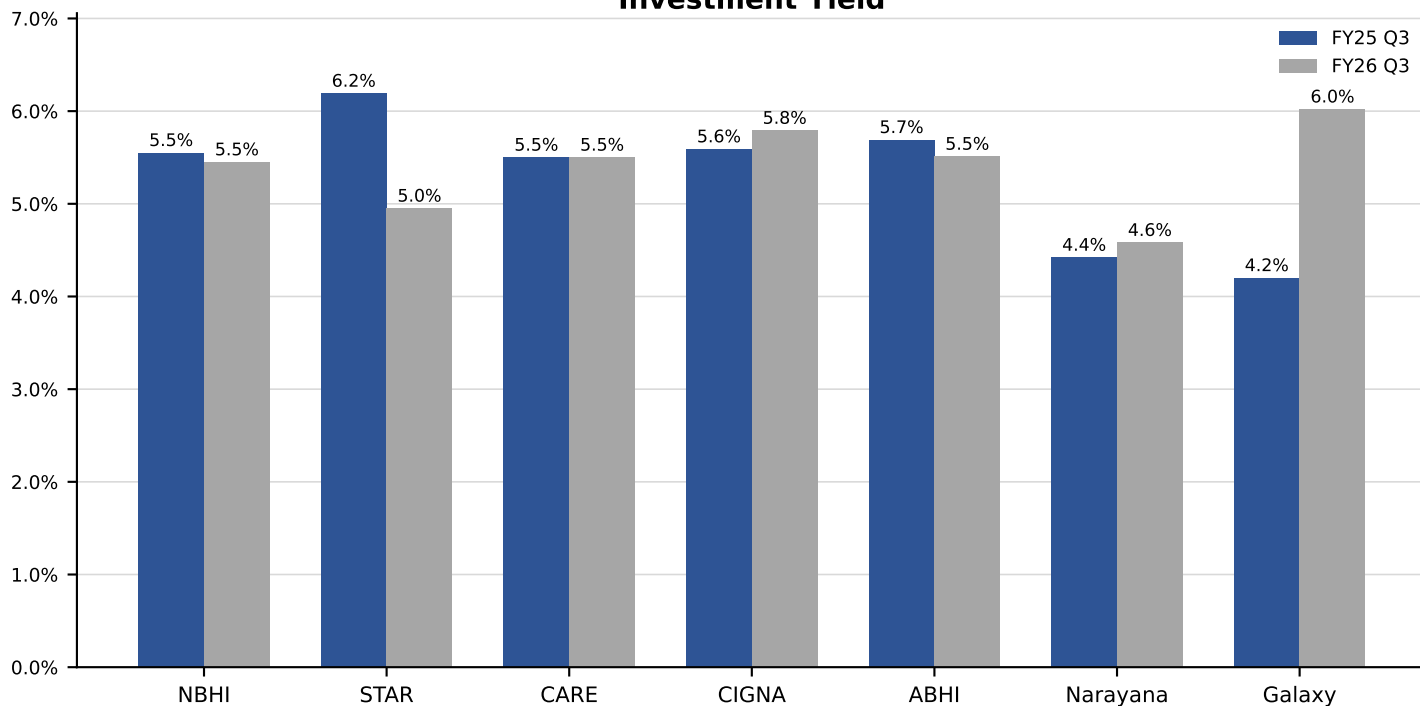

- STAR has the highest ROE (SAHI) at 6.0%
- Galaxy has the highest Solvency Ratio at 3.2x
- CARE improved the most YoY (+0.1x)
- Quarterly YoY comparison (FY25 Q3 vs FY26 Q3), not multi-year history.

Asset Under Management

AUM (Overall, Rs. Crore)

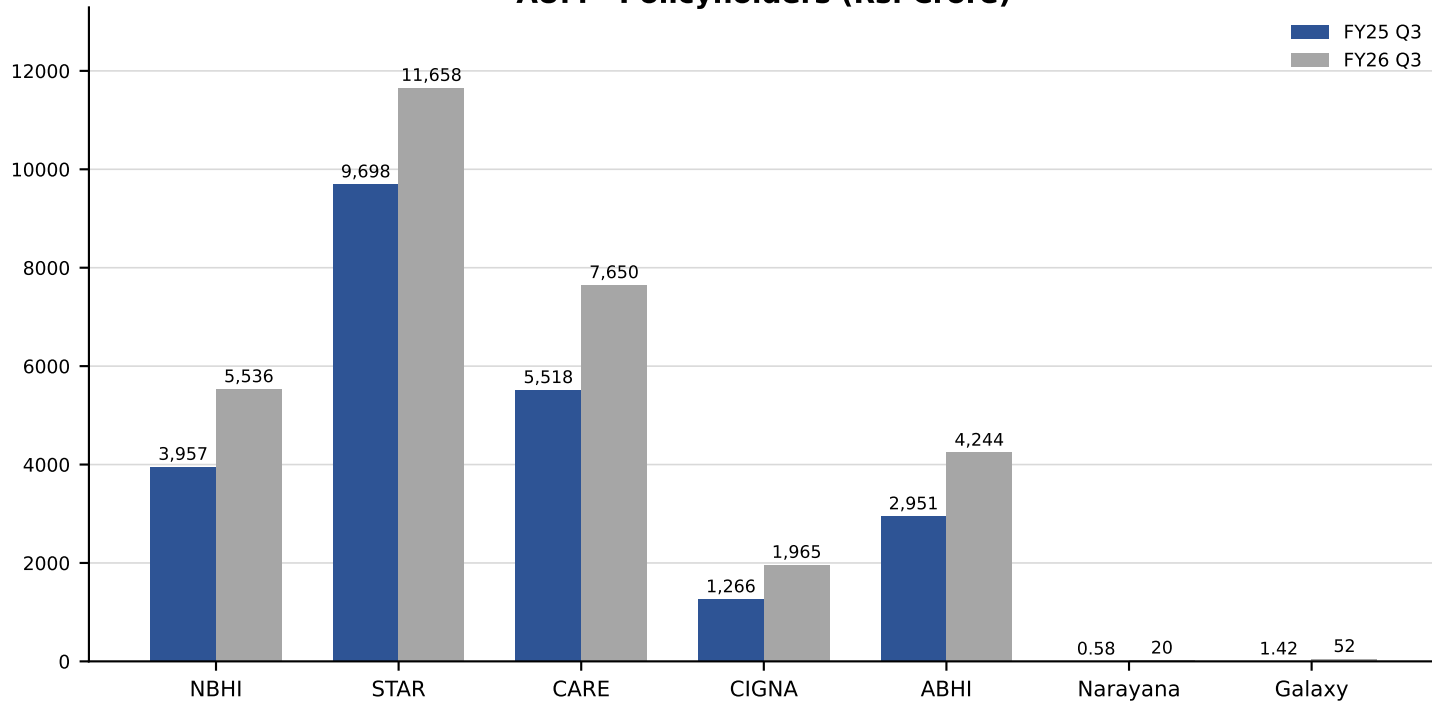

Investment Yield

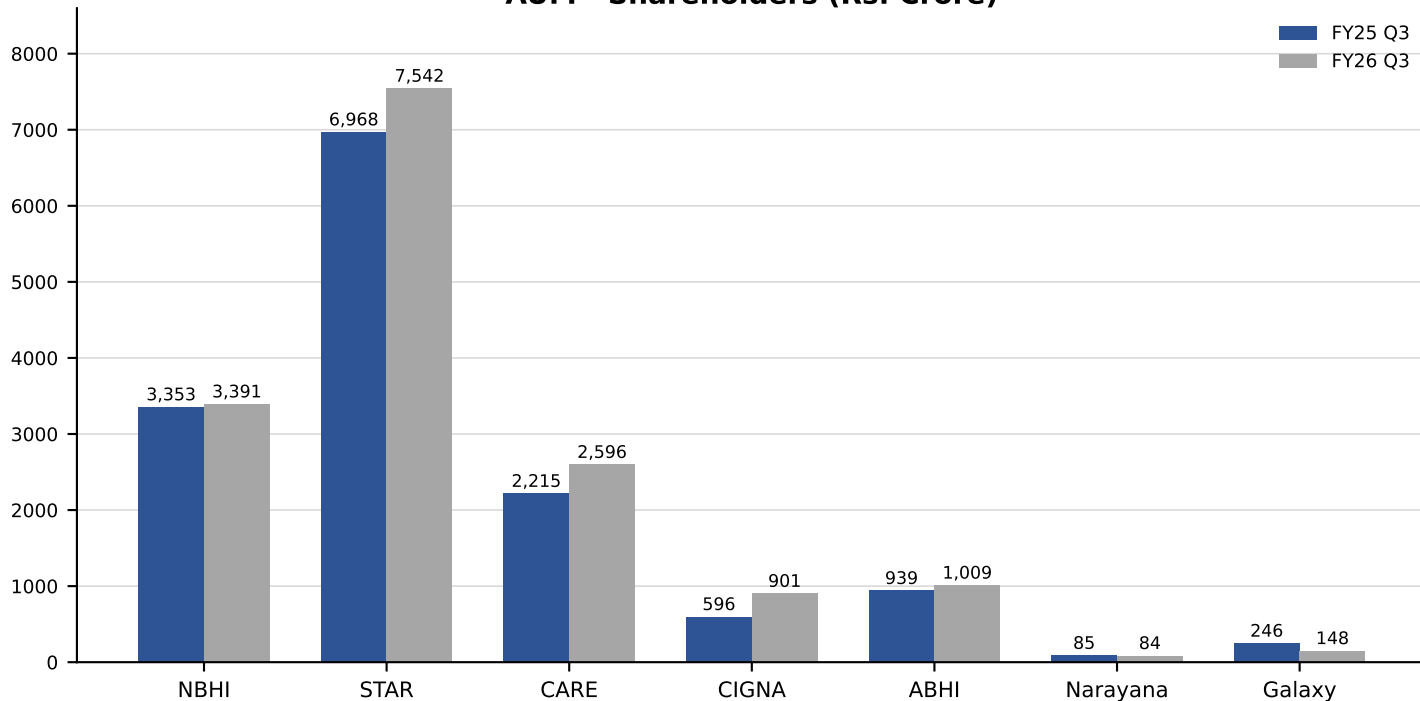

- STAR has the highest AUM (Overall, Rs. Crore) at 19,200.1
- STAR improved the most YoY (+2,533.7)
- Galaxy declined the most YoY (-46.7)
- Galaxy has the highest Investment Yield at 6.0%

Asset Under Management

AUM - Policyholders (Rs. Crore)

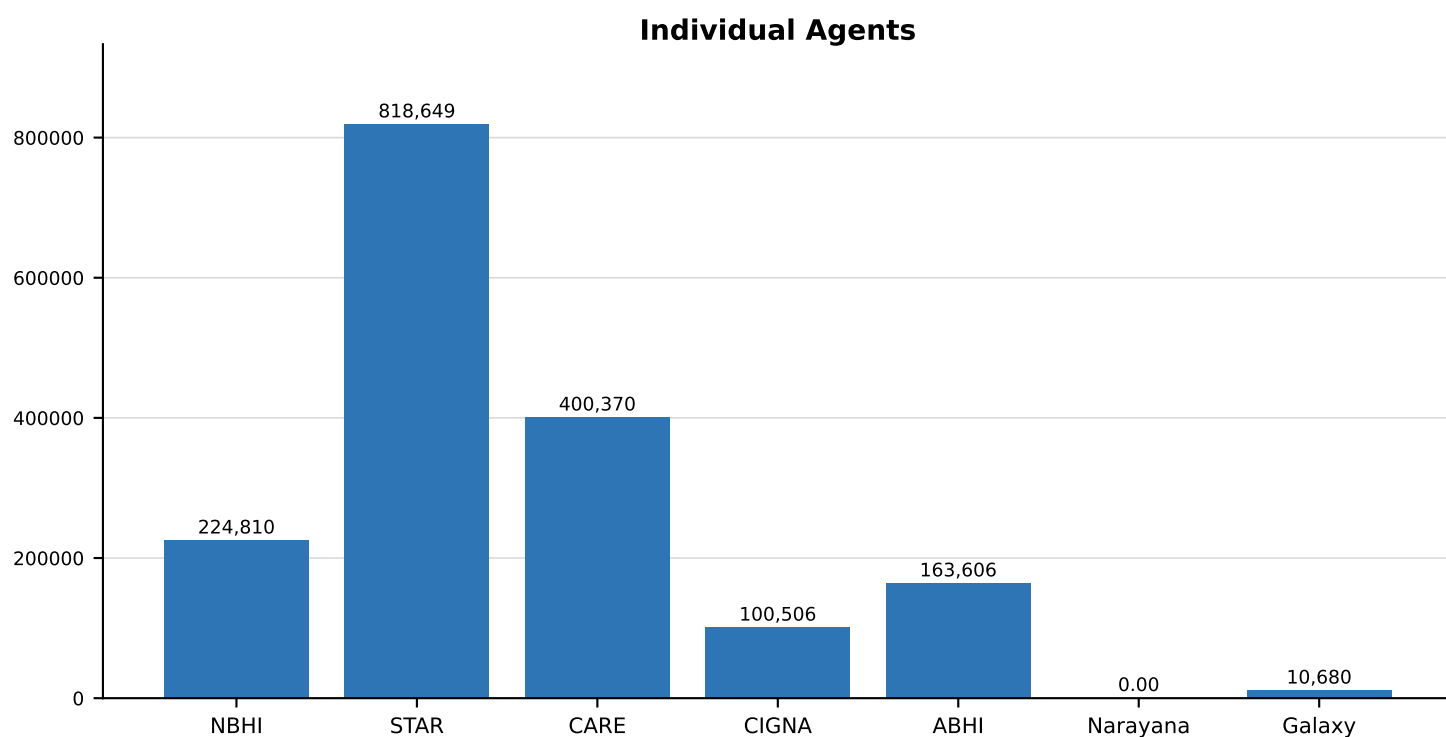

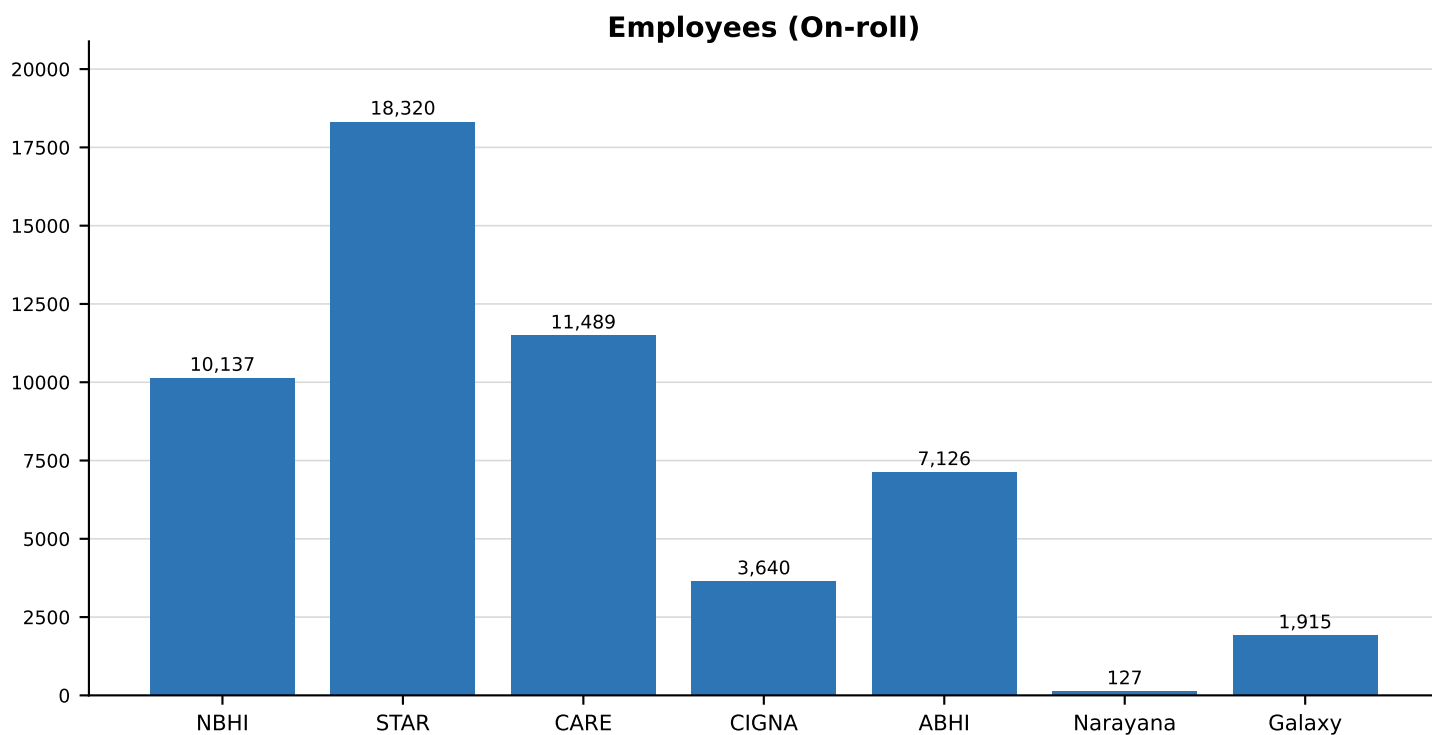

AUM - Shareholders (Rs. Crore)

- STAR has the highest AUM - Policyholders (Rs. Crore) at 11,658.1
- CARE improved the most YoY (+2,132.5)
- STAR has the highest AUM - Shareholders (Rs. Crore) at 7,542.0
- STAR improved the most YoY (+573.8)

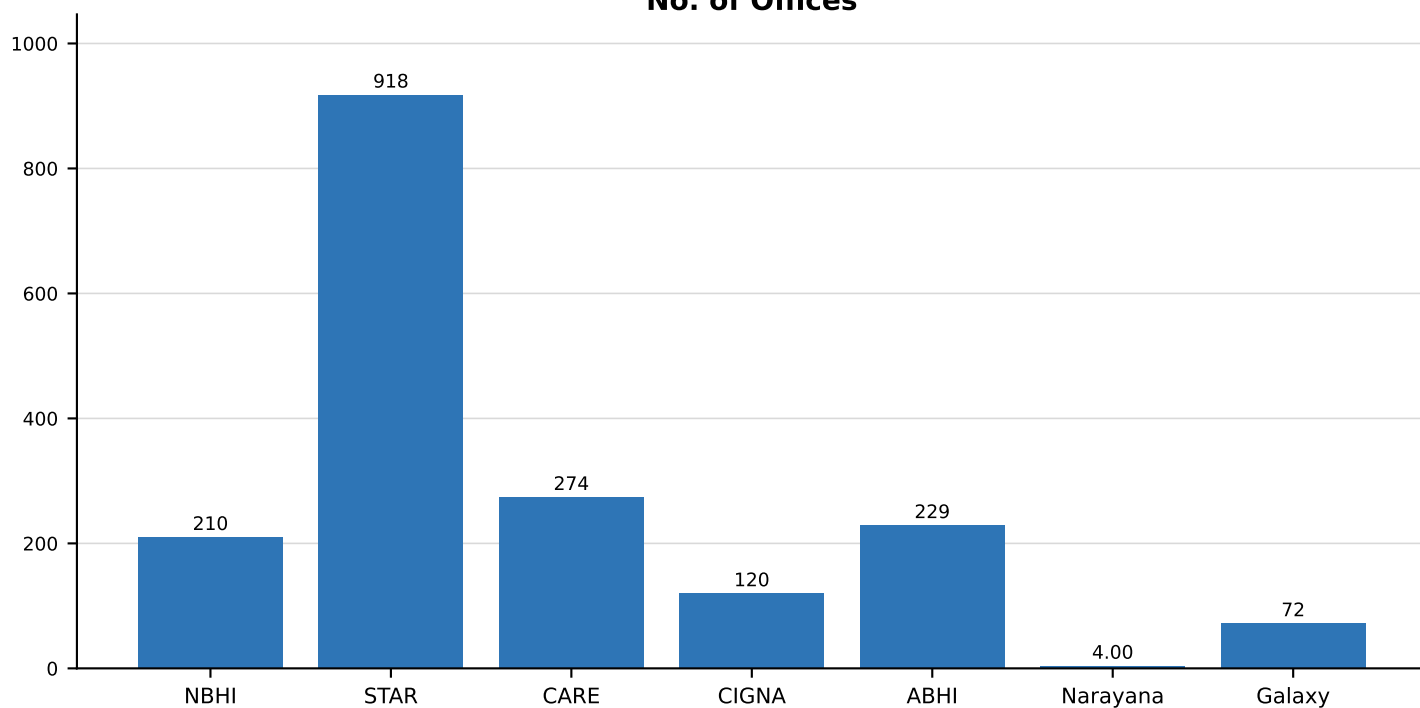

Distribution Footprint

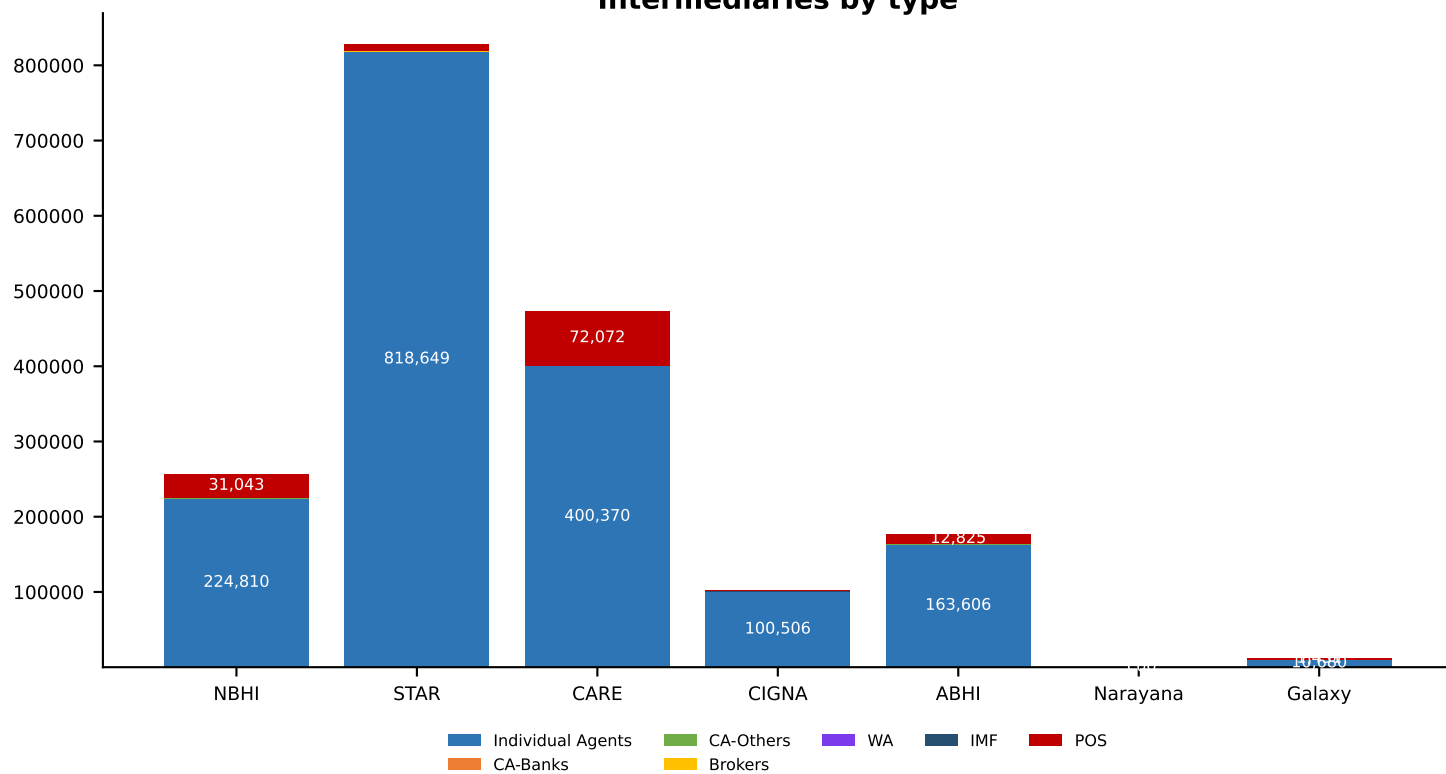

- STAR has the highest Employees (On-roll) at 18,320.0
- STAR has the highest Individual Agents at 818,649.0

Distribution Footprint

No. of Offices

Intermediaries by type

→ STAR has the highest office count at 918.0

Glossary

→ Above information is as per public disclosures available on IRDAI/company websites for the quarter ended 31 Dec 2025 (FY26 Q3), compared to the quarter ended 31 Dec 2024 (FY25 Q3).

→ SAHI = Stand-alone Health Insurer. GDPI = Gross Direct Premium Income. GWP = Gross Written Premium. NWP = Net Written Premium.

→ “Historical Trends” sections show a 2-period (FY25 Q3 vs FY26 Q3) year-on-year comparison, not multi-year history - the underlying data pipeline currently carries only these 2 periods.

→ Geographic zone split (North/West/South) is derived from named-state data using the standard Ministry of Home Affairs zonal convention; East and Central aren't separately identifiable from current source disclosures.

→ Average Claim Size and No. of claims to No. of policies are best-effort estimates, not independently ground-truth-verified.

→ Sections with no FY26 Q3 data for any company are omitted from this report entirely, rather than shown as an empty or placeholder chart.

→ Company short names: NBHI = Niva Bupa Health Insurance, STAR = Star Health & Allied Insurance, CARE = Care Health Insurance, CIGNA = ManipalCigna Health Insurance, ABHI = Aditya Birla Health Insurance, Narayana = Narayana Health Insurance, Galaxy = Galaxy Health Insurance.

→ This report was generated automatically from Data_Engine_UI.xlsx; insight bullets are rule-based auto-generated observations and should be reviewed before external use.
